Anno Domini 1839 The following Records of the University of Maryland form a sequel to the earlier Records of the same Corporation in the Mammoth folio Volume A; and take their date from the Period when the Trustees surrendered the University to the Regents in obedience to a decision of the Court of Appeals of Maryland, and a law of the Legislature.

April 4th. 1839. The Regents of the University of Maryland met at the Drs Baker's Present: The Provost Dr Ashton Alexander: Charles F Mayer; Jonathan Meredith; Hugh Davy Evans: William Wilmot Hall Dan'l J. Capron Esqr David Hoffman LLD: Revd Dr Daniel Kurtz: William E. Wyatt: George Roberts: William E Aikin Nathaniel Potter: William Nelson Baker: Samuel George Baker: A. B. Cleveland: Revd James Hamner: Revd Stephen Hill and Richard Wilmot Hall.

A printed Report of the opinion of the Court of Appeals of Maryland pp 42 8vo. was laid before the board of Regents, as given by said Court in the Case of the Regents of the University of Maryland vs Joseph B Williams treasurer of the Trustees of said University, on the Sixteenth day of February A Domini One thousand Eight Hundred and Thirty Nine (1839) By which decision the Act of the Legislature of Maryland Session 1825 constituting & appointing a board of Trustees to govern said University is declared to be unconstitutional & void". At the same time was laid before ye Board of Regents a certified Copy of an act of the Legislature of Maryland Session 1838 - dated 2d April. 1839. which requires said trustees under certain conditions to deliver up to the Regents the University Property: This law was then read as follows, viz

An act for ye benefit of the University of Maryland. Section 1 Be it Enacted by ye General Assembly of Maryland, That the Act entitled an "act supplementary to ye Act for founding an University in ye City or precincts of Baltimore by the name of ye University of Maryland" passed at December Session 1825. be and the same is hereby repealed.

Section 2 And be it enacted, That ye Trustees appointed under the Act aforesaid, ye their successors, Officers and Agents, be and they are hereby [illegible] directed forthwith to deliver to ye Regents of the University of Maryland or to ye Agents thereof all ye estate real and personal including all stocks, [illegible] evidences of debt and Choses in Action in the hands or under the Control of said Trustees as such or their Agents.

Section 3. And be it Enacted, That if ye delivery aforesaid shall from any cause

be refused or fail to be made within one months after the passage of this Act, it shall be lawful for Baltimore County Court on application by the Regents of the University of Maryland to grant a rule requiring the trustees or any of them, or any of their Agents or officers duly appointed for that purpose to shew cause by reasons in writing & under the oath or affirmation of the parties shewing the same why process to enforce delivery should not issue, whereupon after such orders in reference to notice or otherwise as to the said Court may seem proper, the said Court on being satisfied that the property claimed in the application aforesaid, is in the hands or control of said trustees as such or under colour or by virtue of their appointment as such trustees or of their Agents or officers or if default shall be made in shewing cause as aforesaid, may enforce delivery of the property so claimed as aforesaid by attachment of person or by writ of Habeas Corpus possessionem or by a writ de retorno habendo or by all as the case may require, directed to the Sheriff of Baltimore County.

Section 4th. And be it Enacted that the matter of said Application shall be heard at the first term of the Court, to which the same shall be made, provided that thirty days of the said term shall remain, if not at the second term thereof and adjudged without delay.

Section 5th. And be it Enacted, that before this act shall have any force or effect the Regents of the University of Maryland shall first by a Corporate Act under seal certify to the Treasurer of Maryland, that the property and estate of the University of Maryland shall never be disposed of or converted to any other use than that of Medical Science or the Arts & Sciences generally without the Consent of the general Assembly of Maryland and that any act deed or conveyance of the said Corporation to a different intent or to different uses shall be null and void and that the Legislature may then take possession of and control and devest the said property & Estate for the purpose of promoting general Science.

Section 6. And be it enacted that the Regents of the University of Maryland shall under their Corporate seal and the signatures of their Provost and several professors, make an annual Report on the first day of January or within ten days thereafter of the condition and prospects of said institution stating among other things the number of Students therein instructed & an enumeration of the different departments of Science therein taught with a full and detailed Statement of the

Accounts thereof shewing ye proper receipts and expenditures of said Regents;

We do hereby certify that ye aforegoing is a true copy of the Act entitled an Act for ye Benefit of the University of Maryland which passed both houses of the General Assembly of Maryland December session Eighteen hundred & thirty Eight. Given under our hands this second day of April Eighteen hundred and thirty nine. George G. Brewer. Clk House Delegates of Maryland

Jos H. Nicholson. Clk Senate of Maryland.

Dr. Rd Wilmot Hall from the Committee on property reported to the board of Regents, that ye keys & the possession of the Infirmary and premises on the South west corner of Lombard & Green streets; and of the University buildings, premises & property in the North East Corner of the same streets known as the Medical department: are this day surrendered to a committee of ye Regents - Consisting of J. April 16th. 1839. Regents met. Present The Provost. & the Prs. Hoffman, Wyatt, W. H. Hall, Potter, Roberts, Hammond, Cleveland, Morris, Allen, Meredith, Evans, Dobbin, Backus, Mr. Baker, S. G. Baker, Chs. F. Mayer & R. W. Hall.
Reports of Committees Called for. The Faculty of Arts & Sciences Reports that 2 vacancies remain in that department. The Faculty of Physic reports no vacancy.
The Committee appointed to receive property &c from the Trustees reported by the Chairman Chs. F. Mayer Esq. as follows.

"The Committee appointed to obtain possession of the property of the University from the individuals heretofore acting as "Trustees" of the University of Maryland report, that they have received from Joseph B. Williams Treasurer of the trustees, in money Seventeen hundred and Ninety One dollars and forty nine cents ($1791, 49/100) which they have deposited in the Bank of Baltimore to the credit of the Regents of the University of Maryland. — And the following securities

1 A certificate of five per cent Maryland Stock, for five thousand dollars delivered as as "the proceeds of a bequest of George Gray" for the benefit of the Infirmary

2d. A certificate for One Thousand Dollars five per cent Maryland Stock

3 A certificate of Debt of the Baltimore & Ohio Rail Road Company for Six Thousand Dollars, bearing Six per cent Interest.

4. A like certificate of Debt of the Same Company for four thousand dollars bearing Six per cent interest. Balance in Stocks amt. $17,800.

These payments were made to the undersigned by the Treasurer in presence of Mr. Joseph Williams Vice President of the Trustees — By neither was any acct exhibited or any documents or means furnished to enable the undersigned to ascertain what amount of money or other funds or effects the Corporation was entitled to claim — An acct was demanded by the undersigned, but it was positively refused by the Treasurer and [illegible] the former Trustees professing himself ready & willing to exhibit the accts of the Trustees of those parties should direct or allow that to be done. The undersigned being thus unable to ascertain the [illegible] of the Regents against the Trustees, determined to give a receipt only, stating what was received and in no measure waiving any adjustment of claims of the Regents or operating a discharge of [illegible] of the receipt even is here submitted.

H.

It was stipulated as a condition to payment to the undersigned, that the suits pending in Baltimore County Court of the Regents against the Trustees, and also the suit in Equity there of the undersigned Professors of the Faculty of Physic against the Trustees should be dismissed. Inasmuch as in one of the suits of the Regents therein whole money claim was examinable, it was necessary, as accounts are referred to the undersigned and adjustment was impracticable, to so dismiss that suit as not to preclude future accounting of the trustees: it was therefore simply non prossed. The suit in Equity of the Professors was entered "dismissed"

The Stocks are in the names of "the trustees of the University of Maryland" and are passed to this corporation by blank endorsements of Seth Williams as Vice President & countersigned by R. B. Williams as Treasurer.

Resolved that the foregoing Committee for receiving property from the trustees be authorized to dispose of, at such prices as they may deem eligible such of the certificates of stock or debts thus received, as they may find requisite for meeting the appropriations made or to be made by the Regents.

Resolved that the money of the Regents be deposited in the Bank of Baltimore to the Credit of this Corporation and that it be drawn out of said Bank when required by Cheques signed by the Provost and Countersigned by said Committee of property, viz. Mayor Cleveland and Hall, and that a copy of this resolution be handed to the proper officers of said Bank by the Secretary of the Regents.

" Resolved that Drs Baker Wyatt & Cleveland be a committee to confer with the gentlemen who acted as counsel for the Regents in the late suit of the Regents against the trustees on the subject of the fees due to them, and to make arrangements [illegible] the same.

Mr. Mayer further upon the resolution by the trustees [illegible] Methodique" Vols. with numerous plates.

Resolved that Drs R W Hall, Wm. D. & S. G. Baker be a committee to report what repairs are required in the [illegible] Departments of the University [illegible] to report also on the [illegible]

the probable cost of relaying them to order & security.

Resolved that Jonathan Meredith Esq. Revd Wm Backus Drs Aiken & Cleveland be a committee of claims - and that to this Committee be referred ye letter of G. Delaney Esq relating to ye Claims of the heirs of ye late Dr De Butts & that said Committee examine & report on the claims of individual members of ye Faculty of Physic & others.

Messrs Mayer & Hoffman the Committee to whom was referred the claims of Drs Maxwell McDowell, against certain individuals of the Faculty of Physic, made a Report which was read. Dr R.W. Hall observed that the proposals set forth in said report were altogether just and proper, inasmuch as the money received from the Trustees was in part obtained by the unjust & illegal seizure of the graduation fees of the Medical professors for a series of years, since they came into the contract of the University, & until this illegal action was arrested by a special act of the Legislature of Maryland & that the amt of said fees thus unjustly obtained was upwards of Six thousand Dollars. ($6000) The Report and resolution were unanimously adopted, and are as follows.

The undersigned, ye Committee on ye subject, have examined into the nature of Dr Maxwell McDowell's claim for a stipulated annuity in ye consideration of his resigning the Chair, formerly held by him in ye University. -

We have read a correspondence between Dr McDowell and ye Faculty of Physick thro' their Dean Dr Giddings carried on in April & May 1833 forming the negociation for Dr McDowell's retirement from ye chair w.th a view to its abolition, & terminating in an arrangement by which Dr McDowell was secured a yearly payment of one thousand Dollars for ten years if he should so long live: ye first payment commencing on 20 November 1833 & the last to be on the 20 November 1842. The regular payt of this annuity was secured by ye joint & several Bond of Drs Potter, Hall Smith Giddings & Duvall dated 8 May 1833 The payments are made for 1833. 1834. 1835. & 1836. Two payts are now in arrear - those for 1837. & 1838. and the Bond being sued by Dr McDowell, the payment was rendered void at Sept. term last of Baltimore Co. Court, under which Execution may hereafter issue for future payments as they shall severally be claimed & due. Resolved that this annuity was to be a charge on the income of the Faculty of Physic, who shd from time to time, be in receipt of the ten years of the fees made for Dr McDowell & not on

the individuals exclusively who executed ye Bond. altho' then ye members of the Faculty of Physic. In accordance with this view ye trustees repudiating all responsibility of the University for this charge. Ordained that it shd attach to ye members in all successions of ye Faculty of Physic: & conforming to a stipulation made by ye members of ye Faculty, the trustees also included yt ye Diploma fees accruing to ye Faculty of Physic should stand pledged for paying this annual allowance. Dr McDowell had stipulated for a security for the annual payment and for that object the Bond was executed, just referred to, & ye Diploma fees are agreed to be retained as a further resource for ye discharge of ye liability. The legal effect of the Bond however, is to absolutely bind ye individuals who have executed it even after ceasing to be members of ye Faculty of Physic; and altho' the charge fixes itself on ye members of that Faculty as such, & they are bound to indemnify ye obligors in ye Bond who no longer be of that Faculty.

The trustees did not as intimated, recognize the arrangement wt Dr McDowell as a Corporate Obligation, but expressly declined all such responsibility, & sanctioned it only so far as to pledge the diploma fees:— as to the payment of annual payment a charge on the Members successively of ye Faculty of Physic — & as to abolish ye Professorship of the Institutes of Medicine held by Dr McDowell. In its origin then this liability was only a Faculty obligation. How far it is proper to deem it now of an Corporate character & to adopt it as a corporate indebtedness we need not we think at this period enquire. At least two of the individuals who are bound by the bond and are exposed to the force of the judgment will doubtless be shewn to have important claims against ye Corporation, much more than enough to pay what is now demandable under ye Judgment. And ye Regents may with propriety therefore assent to ye payment of what is at present due to Dr McDowell taking an assignment to ye extent of such payment of the judgment & entering ye amt hereafter to the debit of the individuals having claims against ye Corporation in the act that may hereafter be adjusted in relation to those claims. If ye corporation shall recognize this liability as its own there will of course be [illegible] the Judgment will cease to avail for ye Regents and be entered satisfied [illegible] Corporation can claim under the preferred assignment of Mr [illegible] the undersigned therefore recommend ye adoption of the following resolution.

Resolved That out of the funds of this Corporation [illegible] due to them under a judgment recovered by him against Robert [illegible] Hall, Nathan R Smith, Julius [illegible] & [illegible] Coventry Court, & that to ye extent of such payment being made, the [illegible] assignment [illegible]

to this corporation - dated 16. April 1839. & signed (Report accepted.)

Resolved, that the committee who drafted the report to the Legislature be discharged.

Dr. Aikin in behalf of the committee appointed to select and exchange, for useful articles, all such apparatus belonging to the University, as are useless, made a report, and it was accepted.

A report was read, from the committee appointed to report on the propriety of instituting suit against the late Trustees to compel them to make a satisfactory settlement of the accounts of the University of Maryland. A resolution accompanied the report to appoint D. Hoffman, G. W. Dobbin Esqs. and Wm. W. Hall Esqr, to prosecute by legal or other means, the objects mentioned in the report. On the appointment of these gentlemen, some debate

sprang up among themselves, on a point of etiquet, not wishing to supplant the legal gentlemen, who had been instrumental in rescuing the University from the hands of the Trustees. The report and resolution were finally ordered to lie on the table.

Resolved, that the Regents now adjourn to meet at Batt. College on Thursday evening next at 7 o'clock.

A. J. B. Cleveland.

The minutes of the last meeting were read and approved.

The Secretary offered a resolution, relative to his own duties, but was withdrawn, on the intimation that it, in substance, was embraced in the proposed ordinances, which were then to be laid before the Board.

The committee appointed at the last meeting to draw up a set of ordinances for the government of the Board of Regents, reported, and the report was accepted.

Ordinance 1st. was adopted, with a slight amendment. The 1st. Sec. of Ord. 2d, with an amendment, was adopted. Secs 2d, 3d & 4th were adopted, and for Sec. 5th. a substitute was adopted in the following words, "A committee of grievances to consist of the Provost and one member from each of the faculties. All grievances shall first be acted upon, in the faculty in whose department they may arise, and that any member of such faculty may appeal to the Regents; and upon such appeal, it shall be the duty of the committee of grievances to put the question in order for hearing and discussion before the Board of Regents."

The Report and resolution, adopted at the last meeting, authorising the gentlemen therein named to proceed against the late Trustees, were called up again, and an amendment made to the resolution. A motion was then made by Dr. Atkin and carried that the Gentlemen proceed to the prosecution of the specified business forthwith.

Moved that the Board now adjourn to meet on Friday next 27th inst. at 7 o'clock at Balt. College.

J. B. Cleveland.

Secretary.

March 27th 1840

Regents convened agreeably to adjournment.

Present, The Provost, Prentiss, Aikin, Morison, Wm. W. Hall, Dr. Hall, Evans, Potter, Hinkley, W. N. Baker, S. G. Baker, Hoffman, Morris and Cleveland.

The minutes of the last meeting were read. The Ordinances reported at a previous meeting, and partly acted upon and discussed at the last, were again called up. Some slight amendments were made and a new Sec. was added to Ord. 5th, in these words, viz.

"Sec. 4th. The Assistant Secretary in case of the absence or disability of the Secretary, shall perform all his duties, and shall at other times, perform such portions of them, as the Secretary may designate".

After some discussion the following Ordinances for the Government of the Regents of the University of Maryland, were all adopted, with but one dissenting voice. Dr. S. G. Baker, voting in the negative, by whose request, his name is here inserted.

A report from the committee on Buildings, was handed in and ordered to lie on the table.

Regents adjourned to meet at the same place on Friday April 3d at 7 o'clock P. M.

Sec. 2d A committee on Finance and Accounts; to consist of one member from each of the faculties, of which committee the Treasurer shall be a member; whose duty it shall be to audit the Treasurers accounts, annually, prior to the meeting in December; examine and report on all accounts, and have charge of all the financial interests of the University.

Sec. 3d A committee on Buildings, to consist of one member from each of the Faculties, who shall have entire charge of the buildings of the University, and report to the Board, such repairs or alterations, as necessity may require.

Sec. 4th A Committee on the condition of the University, to consist of one member from each of the Faculties, whose duty it shall be to exercise a general supervision of its condition, and recommend to the Board from time to time, the adoption of such regulations, as its interests may demand. And report as speedily as may be provisions for the endowment of Scholarships and Professorships.

Sec. 5th A committee of grievances, to consist of the Provost and one member from each of the Faculties. All grievances shall be acted upon, first in the Faculty, in whose department they may arise, and any member of such Faculty, may appeal to the Regents; and upon such appeal, it shall be the duty of the committee of grievances to put the question in order for hearing and discussion before the board of Regents.

* vide page 34

Sec. 6th. Each Faculty shall nominate its representative, in each of the said standing committees; the gentleman first named by the Provost in each to be the chairman, whose duty it shall be to report in writing at each stated meeting of the Board; and oftener if required.

Ord. III.

No expenditure of money shall be made, except under specific appropriations. No appropriation shall be valid, unless made by a majority of the votes of the Regents, present at a regular meeting.

Ord. IV.

The Treasurer shall keep a correct account of the funds of the University, and shall at each stated meeting of the Board, submit a written statement of the same. He shall pay away money only in obedience to the order of the Regents, countersigned by the Provost and Secretary.

Ord. V.

Sec. 1st. The Secretary shall make and preserve a correct roll of the members of this Board; record all the transactions of the Regents in a book prepared for that purpose; label, file and number in order, all documents coming into his possession; conduct the correspondence of the Board, and perform such duties as may from time to time be assigned him.

Sec. 2d At least, ten days before each stated meeting of the Regents, he shall give written notice to the chairman of the several committees, from whom reports may be required.

Sec. 3d He shall furnish the chairman of all committees, raised by the Regents, a written copy of the resolution or resolutions, under which they are to act, together with the names of the individual members of their respective committees.

Sec. 4th The Assistant Secretary in case of the absence or disability of the Secretary, shall perform all his duties, and shall at other times, perform such portions of them, as the Secretary may designate.

Ord VI.

Sec. 1st The several Faculties composing the Board of Regents, shall report annually, at the stated meeting in December, through their Deans, the condition of their respective departments, and

names of their members, in the order of their appointment.

Sec. 2d The several Faculties, whose students are to be graduated, shall direct all such arrangements, relating to commencements, as the provisions of the Charter, do not demand of the Board of Regents.

Ord. VII.

Dobbin and Aikin.	Wyatt and Hanson.

On Condition of University.	On Buildings.
Roberts, Wm. N. Baker.	Dr. Hall, Wm. W. Hall.
Prentiss and Hoffman.	Morison and Hurtz.

The report of the committee (select) on Buildings, made at the preceding meeting, was called up and referred to the committee on Finance.

The committee, appointed to audit the accounts of C. F. Mayer, made a report, which was accepted.

H. D. Evans Esq. submitted for the consideration of the Board, a substitute for the 2d Ordinance.

The following resolutions were then agreed to.

Resolved, that the several select committees, heretofore appointed, by the Board of Regents, with the exception of the committee, appointed to obtain a settlement of accounts with the late Trustees, be discharged, and that the business in their hands, be referred to the respective standing committees.

Resolved; that the committee on Finance be requested to examine into the title, by which the Regents hold the University property, and report at the next meeting.

Resolved, that the Secretary be directed to send to the Cashier of the Bank of Baltimore the ordinance, designating the manner in which the money, belonging to the Regents of the University, is to be drawn from said Bank.

The Secretary was notified by the Dean of the Faculty of Arts and Sciences, that G. W. Burnap, had been elected a member of said Faculty.

Resolved: that the meeting now adjourn to meet at the same place on Saturday evening, the 11th. inst. at ½ past 7 o'clock.

Treasurer's Report.

To the Hon. the Provost and Regents of the University of Maryland.

In compliance with ordinance 4th. of the by-laws of the University, your treasurer begs leave to submit his annual Report. He has received during the past year, the payments of interest on the state stock belonging to the University and handed them over quarterly as received to the Balt. Infirmary in accordance with his instructions. In addition the sum of $828.09, has been received in most part from the Faculty of Physic as will be seen by the annexed abstract, and has been applied towards the liquidation of the debt incurred in the repairs of the University buildings and the payment of a contribution called for by the Equitable Insurance Coy. Another year it is hoped will see the trifling balance still due on account of the repairs mentioned, entirely paid.

All of which is respectfully submitted,

William E. A. Aikin

Report from the Faculty of Arts & Sciences.

The Dean of the Faculty of Arts & Sciences begs leave to report, that since their last annual report John Prentiss has resigned his situation as President of the Faculty and that Horace Morison has been elected to fill his place. The number of students at present in the Collegiate Department is about fifty, which is gradually increasing. The Faculty would take this opportunity of appealing to the Board of Regents to exert their influence in behalf of this department.

Dec 29th 1841. John G. Morris Dean.

The Committee on Buildings, report that the buildings of the Institution remain, as at the last annual report - few repairs being necessary at this time.

Dec. 29th 1841. Rich. W. Hall, Chairman.

Report from Dr. Wyatt.

The Dean of the Faculty of Theology respectfully reports to the Board of Regents, that there has been no change in the arrangements of the Faculty since the last annual meeting, and that no duties are performed by them in their Collegiate capacity.

Dec. 29th 1841.

Report from the Faculty of Law.

In conformity with the Ordinances of the University, the Dean of the Faculty of Law, begs leave to report to the Board of Regents, that there is no other organization of the Faculty of Law, than as a constituent part of the Board of Regents, and that no change has taken place in the condition or affairs of this Faculty, since the last annual meeting

Agreeably to adjournment, Regents met at Dr. Potter's. Present, Potter, Smith, Chew, W. W. Hall, Dr. Hall, Hanson, Dobbin, Mayer, Morison, Wyatt, Burnap, Hinkley, Cleveland.
The resolution passed at the last annual meeting, relative to the stated meetings of the Board was confirmed according to Ordinance 9th.
Therefore Ordinance 1st. is so far amended as to provide for one stated meeting of the Board of Regents; and this is the annual meeting to be held on the first Tuesday in December.

A letter was received from G. W. Dobbin Esq. Dean of the Faculty of Law, announcing that J. H. B. Latrobe and J. M. Campbell Esquires, had been elected members of that Faculty.

In consequence of a statement made by Prof. Smith, relative to the pecuniary concerns of the Infirmary, on motion of C. F. Mayer Esq. it was

Resolved, That it be referred to the Committee on Finance to examine into the accounts of the Infirmary, and report the state thereof, at a meeting of the Regents to be held on Friday evening 4th. Nov. at ½ past 7 o'clock at Dr. Potter's.

Accordingly, Regents adjourned.

Agreeably to adjournment, Regents met at Dr. Potter's. Present, The Provost, Potter, Hinkey, Roby, Stein, W. W. Hall, Morris, Morison, Chew, Dobbin, Smith, Burnap, Carson, Mayer.

The Committee on Finance presented a Report, in conformity with the resolution passed at the last meeting, and after some discussion, it was disposed of by the adoption of the following resolution, offered by Mr. Hinckley.

Resolved, that the Report of the Committee on Finance, made this evening, on the indebtedness of the Infirmary, be referred to a special committee of five, of whom the Provost shall be one: and that the said committee do ascertain what balance there is, if any, in the hands of the late Treasurer of the Infirmary: and ascertain as far as practicable all the debts and credits of that Institution to the 1st of Nov. inst.; the causes of the excess of its expenditure over its incomes hitherto: and to make an estimate of its

revenues and necessary expenditures in future, with a view to the propriety of mortgaging any portion of the property of the University, to raise money to extinguish the present debt of said Institution, or any part thereof: and furthermore to ascertain what sum, if any, ought to be allowed yearly to the chair of Chemistry for its extraordinary expenses, or to any other chair; and how they ought to be or shall be borne, and to hear all other grievances or matters of difference between members of the Medical Faculty; and to report on all the above mentioned matters to the Board of Regents at its next meeting to be held on Monday evening the 14th. inst. at half past seven o'clock at the residence of the Provost.

The special committee appointed, in pursuance of this resolution, are Dr. Alexander, Rev. Dr. Morris, H. D. Evans Edward Hinckley and G. W. Dobbin Esquires.

After which Regents adjourned.

A. B. Cleveland.

Dr. Morris having declined to serve on the above committee, Mr. Latrobe was appointed in his place.

Nov. 14th. 1842.

Regents convened at Dr Alexander's. Present, the Provost, Aikin, Chew, Cleveland, Dobbin, Hinckley, E. D. Hall, W. H. Hall, Kurtz, Latrobe, Roberts, Smith Roby, Morison.

The following report and resolution were received from the committee, appointed at the last meeting, which, after some debate, were adopted nem. con.

Report &c.

The Committee, to whom at the last meeting were referred the accounts of the late Treasurer of the Infirmary, the fiscal condition of that Institution and certain

grievances connected with the Medical Faculty, beg leave to report, that they have had the several subjects under consideration, and now give to the Board of Regents the conclusions at which they have arrived, in the order in which the subjects themselves are presented by the resolution.

After an examination of the accounts of the late Treasurer as far as the same were presented by the book of accounts of that officer and after entering to his debit or credit all items which the committee think proper to be so entered, the accounts close by showing a balance in the hands of the late Treasurer of forty one dollars and forty eight cents. ($41.48).

In the discharge of that part of their duty, which requires them to ascertain the fiscal condition of the Infirmary, the causes which have produced that condition, and the propriety of mortgaging a portion of the property of the University, for the purpose of paying the debts of the Infirmary, the committee have ascertained a state of things, which they regret to say, they think, justly merits the censure of the Board of Regents. The debt of that department of the University on the 1st. of Nov. instant was $3339.90, and there was then in its treasury, applicable to this debt, the sum of $448.— leaving the sum of $2991.90, to be provided by a resort to means extrinsic of its own resources. This debt is almost entirely composed of a grocer's bill, a druggist's bill, and bill for the attendance of the sisters of charity.— When it is considered that at the restoration of the property of the University to the Regents, the Infirmary came to us without embarassment of any kind, and when it is considered that its present indebtedness has arisen in the short space of two years for its ordinary current expenses of housekeeping and attendance, there seems to be something in the management of the institution which calls loudly for reform. If the debt has been one of gradual and daily accumulation, growing under the eyes but without the knowledge of the managers of the Infirmary, it betokens

a

looseness in the accounts and in the management and superintendence of the house, which deserves the censure of this board, and which the present crisis forcibly admonishes those in control, to correct. If, on the other hand, they have seen the debt to increase from time to time, till it has reached its present magnitude and have yet failed to apply the proper correction in the reduction of expences, and in the practice of a superior thrift in its economy; the committee thing they have acted most unwisely for the interests of the institution, and disingenuously towards the Board of Regents in not sooner making its condition known. In either case, the debt is a reproach to them, which it is to be hoped will not be without its salutary influence upon the future.

But the committee find the debt exists and it must be paid, and the mode of doing so they are required to consider. It will be recollected that although this is the debt of the University, so far as the creditor is concerned, yet in relation to the other departments of the University, it is the debt of the Medical Faculty only, and should properly be paid by them. From this view, the committee do not understand the Medical Faculty to dissent, but on the contrary they understand the proposition to mortgage the lot next to the Infirmary, to be a loan only, by the University of a portion of the general property, to secure the payment of a debt, which the Medical Faculty themselves promise to pay out of the resources of the Infirmary or out of their own means.
Upon these terms, and upon these terms alone, the committee recommend to the Board to accede to the proposition to make the mortgage in question, and they accordingly report a resolution to that effect.

With regard to the future resources and necessary expenditures of the Infirmary, which the committee were directed to inquire into, they report that they have no other means of informing themselves, except the light afforded them by the gentlemen of

the Medical Faculty. From this, they are induced to believe, that by prudent and careful economy in its management, and the exercise of a more jealous watchfulness, over its expenditures, the Infirmary may be made not only to support itself, but to contribute towards the reduction of the debt now existing.

The other subjects of inquiry, contained in the resolution are so intimately blended that the committee will dispose of them together. They relate to matters of difference between members of the Medical Faculty, growing out of the payment of the Mc Dowall annuity, and some legislation of of that Faculty in relation to the expences of the several chairs. The committee deeply regret, that this annuity, after having been paid for nine years, should upon this last recurrence of it, when all hoped that in the renewed prosperity of the University, it would be paid and forgotten, should now be made a subject of momentary discord. After the best consideration which the committee have been able to give to it, they have come to the conclusion that it is right and proper that each incumbent of the Medical professorships should pay his share of that charge. In thus determining the committee did not balance strict points in the law—, neither did they disregard the just rights of the parties; but in adjusting rights and duties, they treated the subject also as a question between friends and gentlemen, and they feel assured that its settlement upon this basis ought to be more grateful to the feelings of the gentlemen concerned in it, than if they had considered it only as a question of naked right—. As connected with this subject and properly making a part of it, the committee further recommend, that the mode heretofore adopted, of putting up tickets for it, payment, should be again resorted to, since that method is easy and convenient, and has the advantage of preserving the rights of all parties. The committee see no force whatever in the objection that

the

annuity is not yet due, and need not therefore at present be provided for. When a debt has reached to less than a month or week of its maturity, it behooves a prudent debtor to look to the means of paying it —, and each gentleman must remember that there is something due to his companions, which should forbid the arraying of a bare right in opposition to a more frank and liberal course, though such course might involve the concession of right.

The committee think also, that it falls within their province to suggest, that the same mode should be resorted to, for the purpose of defraying the general expences of the Medical School; and they think the Faculty would thus avoid what might otherwise become a fruitful source of discontent.

Having thus disposed of the subject of the McDowell annuity, the Committee recommend that the resolution of the Medical Faculty, which provides for the payment of the expences of the several chairs, by their respective Professors, be now repealed. That resolution seems to have been passed in consequence of the action of some member of the Faculty in relation to the McDowell annuity, and the committee think that if the subject in itself needs revision, some other occasion would be more proper for its consideration. They find also, great additional force in this suggestion from its tendency to produce harmony —, a condition so necessary to the welfare of the Medical School, the various duties and labors of which are so intimately blended with each other, — and so much more reputable to us all as gentlemen among whom there should be expected no discord, because of the improbability of the existence of any cause of offence.

The committee are greatly pleased to add, that though by the terms of the resolution, they were charged with the duty of examining grievances and matters of difference, they have found nothing which should or which they think will disturb the harmonious relations heretofore existing among the members of the

Medical Faculty; on the contrary, they hope and think they see, in this adjustment of all matters of difference, the earnest of such a friendly and zealous co-operation among the members of the Medical Faculty, as must eventually conduct their school to eminent success.

The committee report the following resolution and beg to be discharged.

Resolved, That for the purpose of paying the debts due by the Infirmary the Provost of the University be and he is hereby authorised to execute and deliver in the name of the University a deed of mortgage for the lot adjoining the Infirmary for the sum of $2500. and to use the great seal of the University for that purpose. Provided that before he shall deliver said mortgage, he shall have received the several personal obligations, for their respective proportion, of the gentlemen composing the Medical Faculty to pay off the said mortgage at its maturity; the said obligation to be drawn under the advice and direction of the counsel of the University: Provided also, that case of the death or resignation of any member of the Faculty, the remaining members shall assume pro rata the obligation of the vacant chair until a new appointment shall be made, and the new incumbent shall assume that obligation.

Regents then adjourned.

Jan'y 3d 1843.

At a meeting of the Board of Regents held at Dr. Alexander's, Present the Provost, Aikin, Cleveland, Dobbin, Hamner, Hoffman, Hinkley, W. W. Hall, Hanson, Hurtz, Mayer, Morison, Smith, Roby, Wyatt.

The Minutes of the preceding meeting having been read and approved,

on motion of Mr. Dobbin, Mr. Hoffman was placed on the committee on Grievances, in place of Mr. Meredith resigned and Dr. Smith in place of Dr. Potter deceased. And on the committee On Condition of University, Dr. Roby, in place of W. N. Baker deceased, and Mr. Burnap in place of Mr. Prentiss resigned.

The following resolution was presented by Mr. Hinkley, which was passed.

Whereas, it is represented by the Medical Faculty to be impracticable to obtain money upon a mortgage for the purpose of paying the debts due by the Infirmary, and that it is probable it may be obtained upon the security of a ground rent to be created upon the property appertaining to that Institution on the south side of Lombard Street: therefore,

Resolved, that the Provost and the members of the Medical Faculty as a board, be and they are hereby authorised to procure or raise the sum of $2500. upon a ground rent, to be created upon said property by conveyances to be by them approved, upon the best terms the market affords, and that the Provost be he is hereby authorised to sign and affix the seal of the University to any deed or deeds that may be found necessary to accomplish the said object: And that the members of the Medical Faculty do execute to the University their obligations to refund or repay said sum or a sum adequate to extinguish said ground rent, by giving to the University their seperate obligations for $50. per annum each until the said debt shall be paid, - the whole of the papers to be executed under the advice of the counsel to the University, and in conformity

with the resolution heretofore passed upon the same subject, so far as the same shall not be inconsistent with this resolution.

On motion of C. F. Mayer Esq it was resolved that the present officers of the Board of Regents, be and are hereby all reelected.

Reports from the Faculties of Law and Philology were received, and being of similar import with those received last year, it is not deemed important to place them on record.

On motion of Mr. Hinkley,

Resolved, that the Dean of the Medical Faculty, be a committee to prepare the annual report to the Legislature and hand it to the Provost for his approval and signature, who will cause it to be recorded by the Secretary and to be forwarded to the General Assembly.

The following is the Treasurer's Report, which was received and accepted.

To the Honorable the Provost and the Regents of the University of Maryland.

In compliance with ordinance 6th. of the by laws of the University, your Treasurer begs leave to submit his annual report. The State of Maryland having paid no interest upon her debt during the current year, the State stock owned by the University has furnished nothing to the Treasury. On the 5th day of Nov. last, the Equitable Insurance Society paid to your Treasurer the sum of $118.20, an amount due the University, as interest upon the deposit, for the Insurance of the Medical College and Infirmary, after deducting the cost of new policies. This sum, on the same day it was received, was deposited in the Bank of Baltimore to the credit of the Regents of the University of Maryland, and with the balance in Bank of $11.05, standing to the credit of the University at the date of the last report, makes a total of $129.25, now in the Treasury. Of the old claims against the University, consisting

of balances due sundry persons for repairs of the Medical College buildings in 1839 and arrears of salary due the former Janitor, all of which it will be recollected were assumed by the Faculty of Physic. The Treasurer of that Faculty reports the additional payment of about $434.00. A trifling balance still remains due, this however will doubtless be paid by the Faculty of Physic at an early date. Respectfully &c

W. E. A. Aikin

Trees. Univ. Md.

On motion it was

Resolved, that the Provost be requested to distribute pro rata the sum of $118.20, recently paid into the Treasury of the University by the Equitable Insurance Society among those by whom the contributions to the society have been made; to wit, to the Balt. Infirmary $32.25, to the Balt. College $33.21, and to the Medical Faculty $61.74.

Report to the Legislature.

To the Honorable the General Assembly of the State of Maryland.

The Regents of the University of Maryland, in submitting to your Honorable Body their customary annual report, have but little to communicate which they deem it important for you to hear.

They experience great pleasure in announcing that the institution over which they preside continues to advance in prosperity and is resuming its place among the most useful and eminent seminaries of our country. All of its faculties are now regularly organized and we have reason to anticipate that they will all at no distant period be engaged in active and successful operation. In the present condition of the two, which have long been in action, there is much to gratify the feelings and to enkindle the hopes of their friends.

The Collegiate and Academic Department under the guidance of the faculty of Arts & Sciences, continues to enjoy the merited advantages of public confidence and extensive patronage.

The prospects of the Medical Department have of late been signally improved. The class of students, attending the lectures of the last session was much more numerous than any which had resorted to the Institution for many years previously; and the class in attendance during the present winter is nearly doubly as large as that which preceded it. From this rapid augmentation of the number of pupils & still more from their correct deportment, their generally good preparatory education & their warm expression of satisfaction with the course of Medical instruction afforded them, we are justly entitled

to expect increasing, lasting & honorable success to this important branch of the University.

The present prosperity of the Medical Department is, however, like all the felicity permitted to human beings & human institutions, mingled with some portion of melancholy alloy. Since our last report to your Honorable Body, it has pleased the Divine Disposer of all events to remove from this life the venerable Professor of the Theory & Practice of Medicine.

Dr. Nathaniel Potter expired on the second day of the present year, closing a long life of usefulness and distinction by a sudden & painless death. For more than thirty years, this learned and able teacher had held in the Medical College the station, which he occupied at the time of his decease, & during the whole of that period, & up to the seventy forth year of his age, he performed the duties of his office with a zeal and punctuality which will rarely be equalled & perhaps never surpassed.

While we lament, & with good reason the loss of this faithful and useful servant of the University, we feel well assured that the vacancy occasioned by his death will speedily be filled in a manner conducive to the improvement & elevation of the school.

The Faculty of Medicine, upon whom devolves the duty of appointing a successor to their late distinguished Colleague, will be guided in their selection by a just reference to the interest of medical science, and will seek to exalt the reputation of the University by augmenting its means of utility.

All of which is respectfully submitted.

At a meeting of the Board of Regents held at Balt. College,

Present, Alexander, Aikin, Chew, Cleveland, Dobbin, Hammer, R. W. Hall, W. W. Hall, Hanson, Kurtz, Mayer, Morris, Morrison, Robert, Smith.

A resolution was offered by Dr Aikin to print an abstract of the testimony taken by the committee on the impeachment of Dr. Hall. While this was pending Dr. Hall offered the following,

Moved & seconded, That the members of the Faculty of Physic of the University of Maryland, as accusers, and the accused have no right to vote in the question to lay a resolution on the table or to print the testimony taken by the committee in the form of an abstract. Upon this the Yeas and Nays were called. Yeas R. W. Hall. W. W. Hall. Nays. Aikin, Chew, Cleveland, Dobbin, Hammer, Hanson, Kurtz, Mayer, Morris, Morrison, Robert, Smith. So the resolution was lost.

The following resolution was then passed, on motion of Dr Kurtz.

Resolved, That the whole of the Medical Faculty shall be considered to have a right to vote on all questions appertaining to the subject now under consideration.

After some debate Dr Aikin withdrew his resolution.

Letters of resignation, as members of the Board, were received and accepted, from David Hoffman Esq. and Rev. John C. Backus.

On motion of Mr. Mayer.

Resolved. That the Provost be requested to address a letter to Prof. Hoffman expressing the high estimation

in which the Regents regard him as a Professor of the University, and for his individual worth, and the zeal which he has so long and so usefully manifested for the interests of the Institution; and offering the best wishes of the Regents for his future welfare.

The following preamble and resolutions were then on motion of Dr. Aikin, adopted.

Whereas, a question has been presented for the action of this Board, involving the right of one of its members to his seat in this body, and whereas the Charter requires the concurrent action of three fourths of all the Regents, to vacate any professorship, Therefore

Resolved, That in the opinion of this Board it becomes the duty of every member to attend and listen to the evidence in the case, preparatory to final action upon it. and furthermore,

Resolved, That should any members of the Board decline participating in this action, that they are hereby respectfully requested to resign, prior to the next meeting — since by retaining their places, and absenting themselves from the meetings of the Board, they unintentionally interfere with the course of justice.

Resolved, That the Secretary be requested to furnish a copy of this preamble and these resolutions to each absent member, stating to each the day of the next meeting.

A paper was received from Dr. Hall, which was ordered to lie on the table.

Regents convened according to adjournment. Present. Alexander, Aikin, Chew Cleveland, Dobbin, Hinkley, R. W. Hall, W. W. Hall, Hanson, Morison, Roberts, Smith.

The reading of the testimony in Dr. Hall's case was resumed and concluded.

On motion of D Aikin

Resolved that the members of the Medical Faculty who have preferred charges against Dr. Hall, have leave to print, at their own expense, for the convenience of the Regents, forty copies of the testimony taken under oath by the committee appointed for that purpose, and need extracts from the minutes

of the Medical Faculty, and from the records of the Regents, as are therein referred to; and that they shall also print the charges, and additional charges already preferred.

On motion of Mr. Hinkley.

Resolved, that the copies of the testimony so printed be deposited with the Secretary, and thereupon he send a copy to each member of the Board.

On motion of Mr Dobbin.

Resolved, That a committee of three be appointed by the Provost to prepare and report to the next meeting the order of proceeding, proper to be observed in reference to the impeachment now pending. Whereupon the Provost appointed Messrs J. W. Dobbin, J. M. Campbell and W. W. Hall Esquires.

Mr. Hall now moved that the paper submitted to the Board at a previous meeting by Dr. Hall be now read, which was negatived.

After which Regents adjourned.

At a meeting of the Board of Regents convened on the requisition of the Provost,

Present, The Provost, Atkin, Chew, Cleveland, Dobbin, Hinkley R. W. Hall, Hanson, W. W. Hall, Labrobe, Mayer, Smith Steuart, Morison.

Mr. Dobbin, from the committee appointed at the last meeting, to draw up an order of proceeding, proper to be observed in the impeachment now pending, made a report, which after some discussion was recomitted for amendment.

The Report was again received and accepted, in the following words.

The committee to whom was referred the duty of reporting to the Board of Regents, the order of proceeding proper to be adopted in the matter of the impeachment of Professor Hall now pending, beg leave to report the following as such order.

1st. The Secretary shall give notice in writing to the Prosecutor, the Respondents, and each member of the Board of Regents, of the time and place determined upon by the board for considering the impeachment, and shall state in such notice the object of the meeting.

2d. The Board of Regents being assembled at the time and place appointed, and it being ascertained by a call of the roll that the number required by the charter is present, the Provost shall address to the Board this question.

"Are you ready to consider the impeachment of Professor Richard W. Hall?"

3d. The Board being ready to consider the impeachment, the articles shall then be read by the Secretary.

4th. The Provost shall then address Prof. Hall as follows: The Board of Regents are now ready to hear whatever defence you may wish to make in person or by counsel, against the articles of impeachment preferred.

5th. The defence being closed, the room shall be cleared for the deliberation of the Board upon the charges, and in such deliberation no member shall be allowed to speak more than ___ times.

6th. The Board being ready for the question, the Provost shall direct the Secretary to read the first article of impeachment, after which, he shall put to each member of the board the following

question — "Mr. A. B. how say you, do you find that this article is proved or not proved" and the Secretary shall record the vote of each member as given; and the like proceeding shall be had with reference to each article of impeachment. And if it shall be found that any one or more of the charges shall be voted "proved" by the required number of the board, then the Provost shall put to the Board the question "What further order shall be taken in the matter of the impeachment of Dr. Hall" and the Board shall proceed to take final order upon the same.

Regents convened pursuant to adjournment.

Present. The Provost, Aikin, Burnap, Chew, Campbell, Cleveland, Dobbin, Hammer, Hinkley, R. W. Hall, W. W. Hall, Hanson, Latrobe, Mayer, Morison, Roberts, Roby, Smith.

The proceedings of the last meeting were read, including the Report from the Committee, to whom was re-

ferred

the duty of preparing an order of proceeding, proper to be observed in conducting the impeachment now pending.

Whereupon the Provost put the question to the Board, in the following words.
"Are you ready to consider the impeachment of Richard W. Hall?"

A question was then started, as to the right of the accusers to sit in judgment and vote on the case of impeachment now pending.

It was decided that they have a right so to sit and to vote, by the following Yeas and Nays.
Yeas, Aikin, Chew, Cleveland, Cobbin, Hinkley, Latrobe, Morison, Robert, Roby, Smith. 11
Nays, Burnap, Campbell, R. W. Hall, Hanson, Wm. W. Hall, Mayer. 6

corrected. Mr. Hamner not voting

Mr. Hamner, asked to be excused from voting on this question, which was granted.*

Leave was then granted by the Board, to place on record the following protest.

The subscribers, members of the Board of Regents of the University, except to the competency of Professors Smith, Chew and Stewart, also members of the Board to sit and vote upon the impeachment instituted against Hall upon charges preferred themselves, upon the ground that as accusers they are disqualified to act the part of judges. They further except to the competency in the premises of Professor Aikin, also a member, on the ground of his having participated in preferring said charges. They further except to the competency of Professor Hall in the premises, on the ground of his being a party accused.

Signed
Charles H. Mayer
J. M. Campbell
Richd W. Hall
Wm. W. Hall.

*. Mr. Hamner stated that he was not prepared to vote, and Mr. Mayer moved he be excused, which was granted

There was then some conversation with regard to what number of Regents constitute a constitutional quorum, competent to proceed in the impeachment, when Mr. Latrobe offered the following preamble and resolution which were passed by the annexed vote.

Whereas it has been reported by the Secretary that the whole number of Regents now in office is twenty, one, including the Provost, and whereas there are at this time, eighteen Regents present, including the Provost Therefore Resolved, that in the opinion of this meeting, there is a constitutional quorum, to proceed to consider the impeachment of Professor Hall, and that it will accordingly proceed to consider the same.

Yeas. Aikin, Chew, Cleveland, Dobbin, Hammer, Hinkley, Latrobe, Morison, Roberts, Roby, Smith. 11
Nays. Burnap, Campbell, R. W. Hall, Wm. W. Hall, Hanson, Mayer. 6.

It was then moved that the Regents now adjourn to meet at 4 o'clock P. M. on Tuesday next 31st inst.

Regents adjourned accordingly.

A. B. Cleveland
Sec'y.

Oct. 31st 1843

Regents met agreeably to adjournment, Present. The Provost, Aikin, Chew, Cleveland, Dobbin, Hammer, Hinkley, R. W. Hall. W. W. Hall Latrobe, Hurtz, Morris, Morison, Roberts, Roby, Smith. The Provost then put this question to the Board. "Are you ready to consider the impeachment of R. W. Hall"? Being answered in the affirmative, he

addressed Prof. Hall as follows;
"The Board of Regents are now ready to hear whatever defence you make wish to make either in person or by counsel, against the articles of impeachment preferred." To which he thus made answer, through his counsel.

The defendant R. W. Hall hereby protests against any proceeding in the premises,
1st. Because, there is no legal quorum, for the consideration of the charges,
2d Because Nathan R. Smith and Samuel Chew are incompetent to sit as judges, they being accusers.
3d Because the said Smith and Chew had formed and expressed an opinion, as to the truth of the charges before any investigation was had - and are therefore incompetent to act as judges.
4th. The defendant farther protests, that there is preferred against him no formal impeachment within the intent and meaning of the Charter.

The defence being closed the Provost directed the Secretary to read the first article of impeachment as follows: The accusers say
"We complain of him to your Board.
1st For having refused compliance with regulations adopted by the Medical Faculty, and advised by your body, which regulations were necessary to secure the discharge of the pecuniary obligations of the medical department. *

* "For a more particular statement of the grounds of this complaint, Vide page 83 of the printed testimony.

Then the Provost put the following question to each Regent present.

"How say you, do you find that this article is proved or not proved?"

These Regents answered in the affirmative, viz. Aikin, Chew, Cleveland, Cobbin, Hammer, Hinkley, Latrobe, Kurtz, Morris, Morison, Roberts, Roby, Smith. 13

Here the Secretary was about to put the same question to the Provost, when it was stated that he was not a Regent and therefore had no right to vote. This was settled by the passage of the following resolution.

On motion of Gen. Aikin

Resolved, that in the opinion of this Board the Provost, as a Regent of the University of Maryland, under the 3d section of the Charter, is entitled to vote on all questions coming before the Board.

The question was then put to the Provost and he answered in the affirmative.

These Regents, namely, R. W. Hall and W. W. Hall answered in the negative. 2

The Provost then directed the Secretary to read the second article of the impeachment, which is this;

2d We complain of him as an injudicious and unsatisfactory teacher, commanding very irregular attendance on the part of pupils, and failing to secure their respect and confidence.

The Provost thereupon repeated the question, to each Regent, to wit.

"How say you, do you find that this article is proved or not proved?" The same was put to the Provost.

These Regents, answered in the affirmative.
Alexander, Aikin, Chew, Cleveland, Gibbin,
Hammer, Hinkley, Latrobe, Hurtz, Morris,
Morison, Roberts, Roby, Smith. 14
These, in the negative R. W. Hall. W. W. Hall.

The Provost, then directed the Secretary to read the third article of impeachment as follows.

3d We complain of him, that he fails to command from the Medical Profession, the patrons of medicals schools, that confidence and respect, which entitle him to be retained in a position of such weighty responsibility.

The same question was put by the Provost to each member of the Board. It was again put to the Provost. viz

"How say you, do you find, that this article is proved or not proved?"

The following named Regents, answered in the affirmative. Dr. Aikin, not being present at the time of taking the vote, wished previous to his asking leave of absence, to have his name recorded in the affirmative.

Alexander, Aikin, Chew, Cleveland, Gibbin,
Hammer, Hinkley, Latrobe, Hurtz, Morison,
Roberts, Roby, Smith. 13.

These Regents answered in the negative.
R. W. Hall. W. W. Hall, Morris. 3

All the charges having been voted upon ~~proved~~, the Provost put to the Board the following question. "What further order shall be taken in the matter of the impeachment of Dr. Hall?"
No further order was taken. Regents adjourned sine die. A. N. Cleveland Secretary.

At a meeting of the Board of Regents
Present, Alexander, Aikin, Burnap, Chew
Cleveland, Latrobe, Morris, Morrison, R. W. Hall,
W. W. Hall, and Roby.

The following Preamble and Resolution, on motion
of Dr. Aikin, were passed.

Whereas, the Provost has laid before the Regents an
order from Baltimore County Court, to show cause why
a writ of mandamus, should not issue to the Regents
of the University of Maryland directed in the matter
therein mentioned, to which it is necessary that a
return should be made according to the exigency
thereof, for which purpose it is proper that counsel
should be authorised to appear and act for the Regents

Regents held a Special meeting. Present Aikin, Barnes, Buckley, Morris, Morison, Roberts, Dunbar, Power, Thomas. In the absence of the Provost, Rev Dr. Morris appointed to the chair. Mr Kennedy's Letter accepting his appointment as Provost of the Board of Regents received and ordered to be copied into the proceedings of the meeting. The following is a true copy.

"Baltimore March 12 1850

Gentlemen

I received last night your note, apprising me, that at a meeting of the Regents of the University of Maryland, held on the 6th inst. I was unanimously elected to the station of Provost of that Institution.

This unexpected honor accompanied by such flattering testimony of the good opinion of the Regents, excites in me a gratified pride and lays me under an obligation which I cannot

more appropriately than by a acknowledge and cordial acceptance of the post to which I have been elected.

With no experience, and I am conscious, with but small ability for the discharge of the duties belonging to this station, I indulge the hope, that the interest I take in the success of the University, seconded by the effective and friendly aid of the Regents, may enable me to contribute somewhat to the prosperity of the Institution. I shall ever be ready to give a zealous cooperation to all measures which may tend to the developement of that usefulness, which was originally contemplated in its organisation.

With the expression of my high respect for the Regents and of the recognition of the very friendly terms in which you have communicated their proceedings, I am gentlemen

Very truly yours
John P. Kennedy

 March 10th 1852

The Regency met pursuant to a call of the Provost at the house of the Provost.

Present, the Provost, Dr Burnap, Dr Morris, Dr R. H. Thomas, Wm Horace Morison, Dr R. R. Smith, Dr G. W. Miltenberger, Dr Roberts, Dr J. R. W. Dunbar and Wm Edward Hinkley.

On motion it was Resolved, that a Committee of five be appointed by the Provost to examine into the condition of the several Faculties of the University and to report on the same, and particularly in reference to the vacancies which may exist in the same.

That the same Committee inquire into the condition of the property of the University and report thereon.

And that said Committee be also authorized to report upon any reform or modification which they may think necessary in the organization of the Faculties of the Arts and Sciences, Theology and Law. And that they report on the above subjects at a future meeting of the Regency to be called by the Provost.

The Provost appointed on the Committee under the foregoing resolution George W. Dobbin, Revd J. G. Morris, J. H. B. Latrobe, Edward Hinkley and Dr G. W. Miltenberger.

The Regency then adjourned.

March 31st 1852.

The Regents met pursuant to a call of the Provost, at the Bachelor College Building.

Present, The Provost, Doctors Smith, Roby, Roberts, Dunbar, Chew, Mittenberger, Thomas, and Messrs Hinkley Latrobe, Morson and Dobbin.

It was proposed on behalf of Faculty of Physic that the Legacy left to the University by the late George Gray, for the use of the Infirmary, be applied to the extension of the Infirmary Buildings. Whereupon it was Resolved, That the subject of the application of the Gray Legacy to the purpose of enlarging the Infirmary buildings be referred to a Committee of two to be appointed by the Provost with instructions to report upon the same at an adjourned meeting of the Regents to be held on Monday, Apl 5th, at 12 M. at the room of the Historical Society.

The Provost appointed Mr Latrobe and Dr Thomas the Committee under the foregoing resolution.

The Regents then adjourned to meet again on Monday, Apl 5th at 12 M. at the Room of the Historical Society.

April 5th 1852.

The Regents met, pursuant to adjournment (of March 31st) at the Room of the Historical Society:-

Present the President, Messrs: Latrobe, Robbins, Hinckley, Drs: Roberts, Dunbar, Smith, Chew, Roby, Thomas and Mittenberger.

The committee, appointed at the last meeting, to whom was referred the subject of the application of Gray's Legacy, to the enlargement of the Infirmary, through the Chairman, Mr: Latrobe, reported, as follows: — Thos: J. Skinner, by an indenture of lease dated 2d, 10th 1823, and recorded in the land records of Balto County, Liber Tr. G. No. 208 folio 276, conveyed to Thos: B. Davidge, Elisha Ely Betts, Richard Tilmot Hall, Nathaniel Potter, Granville Sharpe Pattison, Samuel Baker, and Maxwell McDowell for ninety nine years renewable for ever, the following piece of ground Beginning at the distance of 78 feet from the intersection of Lombard and the west side of Green st; running thence westwardly 75 feet bounding on Lombard st: thence southerly parallel with Green st, 174 feet to Whiskey Alley, thence easterly, parallel with Whiskey Alley and Lombard st: 75 feet thence to said beginning. This property was subject to a rent of $200, but the lessees had the power to extinguish it at any time during the demise, by the payment to the lessor, or his heirs or assigns, of the sum of $3000.

On the 29th May Francis H. Davidge sole acting executor of John B. Davidge by an assignment of lease, conveyed all his right, title, interest, term of years yet to come and unexpired &c, to the Trustees of the University of Maryland.

On the 12th of August 1823, Thos: J. Skinner conveyed the reversion to Henry Nichols Tr. G. 165. 554.

Henry Nichols by his will after making sundry devises, bequeathed the residue of his estate of all kinds, - one third to Thos: Irwin Troup, one third to Rebecca Davidge and one third to Jeremiah Nichols, The share described as a part of said residue, by deed dated March 28th 1831 see Liber [illegible] Folio 116 Rebecca Davidge and Jeremiah Nichols in consideration of $10, [illegible] conveyed to Thos: Irwin Troup,

On the 14th of January 1832, Richard Tilmon Hall, Nathaniel Potter, Samuel Baker, Maxwell McDowell and Alfred Clay of the administrator of Elisha De Butts, deceased, in consideration of the payment by the Trustees of the University of Maryland, of the debt due by the above-named parties to the Bank of Baltimore and of one dollar to each separately paid, transferred their right to the Trustees of the University of Maryland, Tr. G. No. 216, folio 231. This indenture recites, that Granville Sharpe Pattison is found in equity to execute a release of his title, as well as, that T. H. Davidge had released his. —

On the 31st of March 1832 a writ of fieri facias issued out of Balto County Court directed to William Ball sheriff, reciting that the Bank of Baltimore had obtained a judgement against Granville S. Pattison for this one seventh part of the premises already described. In pursuance of said writ Wm Ball sheriff exposed for sale on the 24th of April 1832, all the title of said Pattison to the seventh part of said premises. The Trustees of the University became purchasers, paying $500. On the 25th of May, Wm Ball transferred by deed to the Trustees, all the right, title &c of said Granville Sharpe Pattison to said property. —

On the 18th of July, 1833, George Howard and wife by deed conveyed to the trustees the following described property:— Beginning for the same at the intersection of the S. side of Lombard st. and the W. side of Green st.; thence running southerly 16 feet 6 in. to Carpenter Alley, thence westerly bounding on Carpenter Alley to 78 feet more or less to the Infirmary lot, thence northerly bounding on said lot, and parallel to Green st. 16 ft. 6 in., thence easterly bounding on Lombard st. 78 feet more or less to the place of beginning. It is recited in this deed, that the property was leased by George Howard to Solomon Etting May 31st 1831, and by Solomon Etting transferred to the Trustees of the University, April 24 1833.

The written examination has been made and [illegible] and I believe it to be correct in [illegible]. It shows that [illegible] Infirmary Building is on leasehold property [illegible] and that the corner lot, on which it [illegible]

Legacy, in the erection of a new building, in fee simple, the paper-title being in the Trustees - (actual title in the Regents). It would be necessary, I think, for the Regents to execute a declaration of trust, in regard to the $5000, or otherwise provide against the corner lot, after the improvement has been made, being liable to the debts of the Regents generally, or at their disposition without restriction; which might result in a sale of the property, and a diversion from the legitimate purpose of the Legacy in question. But, whatever the form, the permanency of the Infirmary's interest in the legacy could certainly be secured; - and as the matter will be in the hands of the Regents, as owners of the fee, I see no difficulty in allowing the Medical faculty to appropriate the fund in question as they desire.

signed; Geo: H. B. Latrobe

April 5th 1852.

Which report was received and adopted.

In pursuance of the above report, - on motion of Mr: Latrobe! -

Resolved; - That the Treasurer of the Board of Regents be and he is hereby authorized to sell the stock, and transfer the same in person or by attorney, in which George Gray's Legacy has been invested and appropriate the same under the direction of the Medical faculty, to the erection of a new building in connection with the Baltimore Infirmary on the lot at the southwest corner of Green & Lombard sts.

Resolved - That the Regents of the University of Maryland will hereafter in consideration of the investment of the sum aforesaid, in the building aforesaid, hold the said lot and the improvements at the southwest corner of Green & Lombard sts. in trust for the sole and separate use of the Infirmary, commonly known as the Baltimore Infirmary and attached to the medical department of the University of Maryland, to the extent of securing on the uses of such Infirmary the sum of five thousand dollars, or such sum as may be realized from the sale of the stock aforesaid - and that the Provost be requested to have prepared, duly executed, and placed upon record a declaration of trust to this effect. ——

The following report, with the annexed resolutions, from the committee, appointed March 10th 1852, to examine into and report upon the condition of the several faculties &c, was received through their chairman, Mr. G. W. Dobbin and adopted:—

The committee to whom were referred the several subjects embraced in the resolutions, passed at the meeting of the 10th March, have had the same under consideration, and now beg leave to report:—

That the charter of the University, the Medical Faculty, is made to consist only of the Professors in that department of the institution, who are not limited in number, but may be constituted and appointed by the Medical Faculty, professors of the different branches of medicine, for instructing the students of the College, by regular lectures, upon every branch of that science. The Professorships now constituted, are the following:—

Surgery, now filled by Nathan R. Smith M.D.
Materia Medica, Therapeutics and Pathological Anatomy, now filled by George W. Mitchenberger M.D.
Obstetrics and Medical Jurisprudence now filled by Richard Thomas M.D.
Chemistry now filled by Thos. G. Atkin M.D.
Anatomy and Physiology, now filled by Joseph Roby M.D.
Theory and Practice of Medicine, now filled by Samuel Chew M.D.

This department of the University is in full and efficient operation, with all the appliances to profitable teaching, a condition which is recognized and received by the public, with a large measure of success. The committee are gratified in believing and stating, that at no previous period in its history, has the Medical department presented better promise claims to patronage, than at present, and that in point of [illegible] attainments, talents, and faithfulness in the [illegible] functions, and extensive and well-arranged [illegible] illustration, it is not inferior to any [illegible] That part of the property of the [illegible]

possession and use of this Faculty, consists of the Medical College buildings in Lombard St., with its furniture, cabinets and apparatus, and the Institution known as the Baltimore Infirmary. These buildings seem to be in proper repair for their respective uses, and as it is both the interest and duty of the faculty to keep them so, the committee need not further report upon them.

The Faculty of Divinity is made by the Charter to consist of the Professor of Theology, together with six ordained ministers of any society or denomination. The Professorship is now vacant, and the present members of the faculty are the Revs. Benjamin Hurtz, the Rev. George C. M. Roberts, the Revd. James G. Hamner.

No active organization of this faculty has ever been attempted, and in view of the character of the department contemplated by the Charter, none seems desirable. It remains therefore only to recommend that the integrity of the University should be maintained by filling the vacancies in the Faculty.

In the department of Law, the Faculty is made to consist of the Professor of Law, and six qualified members of the bar. The professorship is vacant, and the members of the faculty in office are Charles F. Mayer, John H. B. Latrobe, James McCampbell, and George W. Robbin.

This department was formerly organized by the establishment of the Maryland Law Institute which was efficiently maintained by the then Professor of Law for some years, but is now discontinued. The committee do not recommend its reorganization for active duty, but think it desirable that the vacancies in the faculty be filled.

The Faculty of the Arts and Sciences is made by the Charter to consist of the Professors of the Arts and Sciences, and three of the Principals of any three academies or colleges of this city. Under the organization of this department, by the Trustees

Trustees, in 1830, eleven Professorships were established, as follows:— Of Ancient Languages,

History.

Political Economy.

Natural Philosophy.

Mineralogy and Geology.

Natural History.

Rhetoric & Belles Lettres.

Moral and Intellectual Philosophy.

Botany.

Mathematics.

Chemistry applied to the Arts.

The Professors now in office are the Rev. Thos. G. Morris, Professor of Natural History, and Horace Morison Esqr., Professor of Mathematics. The other members of this faculty, as shown by the recorded minutes of the Board of Regents, are, the Revd. G. W. Burnap, Edward Hinckley Esqr. and Revd. R. W. Dunbar. This faculty, is in possession of that part of the University property in Mulberry st. formerly known as the Baltimore College. No other active organization exists except what may be involved in the keeping of the school in the Building, by Professor Morison:— a school which has, upon its roll thirty six scholars. The view of the duty, which the resolution under which they are now acting, imposes, upon this Committee of reporting upon any reform or modification, which they may think necessary in the organization of the Faculty of the Arts and Sciences, it becomes a question for their consideration, whether the University is properly discharging its trust to the public, and its duty to itself, in permitting so valuable a portion of its property, to lie in [illegible] disuse, which now actively in its [illegible] an enlargement of the field of its labours, might be [illegible] upon, with the means in hand, and would [illegible] cause of science and promote the [illegible] of this Institution.

It can hardly be necessary that this committee, in a day which is eminently characterized by the rapid strides of progress and improvement, should enter into an argument, to show that the University of Maryland, as the fiduciary, depositary, for the benefit of knowledge, of property of large value in trust, bound to use it actively, for the extension of learning, and the wisest possible diffusion of the light of Science. In this regard, it will be happening little to say, that the Board of Regents, is not to be of idle city. The property on Mulberry street is estimated to be worth $25,000 an amount which if judiciously used, would be much more large, productive of benefit than it now is. To make this capital in the highest degree useful, the committee are of opinion, that it will be essential to convert the lot and buildings which are now unfit, both from situation and want of adaptation, for the uses of the Faculty, into money, and with the fund thus realized, to provide other and more suitable property, in which to carry a new and enlarged plan for the prosecution of the duties of the Faculty. The title of the property on Mulberry street is vested in the Regents, and is perhaps within their control without the necessity of any legislation on the part of the state; but in as much as, in former years, bills have passed having reference to the property of the University, which may seem to contemplate the previous assent of the legislature to any disposition of it, the committee think it would perhaps be advisable to obtain such assent. They therefore recommend that the Revised be instructed to apply, on behalf of the Regents of the University of Maryland, for the assent of the state to the sale of the property on Mulberry street, the purchase money, to be realized from such sale, to be applied to purchasing other land and buildings for the use of the Faculty of Arts & Sciences.

On behalf of the Committee,

George W. Dobbin, Chairman

Resolved, — Be it Resolved: That the members of the Faculties

of Divinity, Law, and the Arts and Sciences be requested to fill the vacancies in their respective faculties.

Resolved - That the Provost be instructed to ask from the Legislature its assent to the sale of the property of the University in Mulberry street.

Resolved - That when obtaining the assent of the Legislature to the sale of the property in Mulberry street, the Provost shall take the necessary steps to sell the same, and to make the necessary title-deeds, and deposit the purchase-money, as recieved, in bank, to the credit of the Regents of the University of Maryland, for the use of the Faculty of Arts and Sciences, and report thereon to an early meeting of the Regents.

Resolved - That the present Committee be authorized to act with the Provost in carrying into effect the foregoing resolutions. -

On motion, it was Resolved: - That the committee of five appointed at the meeting of March 11th, be authorized to examine into the ordinances and by-laws of this Univ., and report such alterations, if any, as may be deemed requisite or advisable.

The Regents then adjourned,

G. W. Mollenberger

Secretary pro tem:

After the reading of the Memorial.
Charles F Mayer Esq offered the following Resolution
Resolved

That the Regents, not meaning to determine the matter submitted for their action as within their legitimate cognisance, under the Charter of the University, are nevertheless justified in the the conclusion. They think that Dr Warren, by his long absence from the Chair, to which he was appointed, must be considered to have abandoned it, and that he ought to be treated as in the position of a Professor resigning his place, and the Regents therefore approve the course pursued by the Faculty of Medecine in declaring vacant the Chair in question, and do hereby so far as may be lawful or necessary confirm the said action of the Faculty.

John A B Dalton Esq offered the following Substitute

Resolved. That in the opinion of this meeting the appointment & resignation of Lectures and Professors in the several Faculties belong to the Faculties themselves exclusively under the 8th Section of the Act of 1812, and that the Board of Regents can properly take no action at this time in regard to the matter contained in the letter of the Faculty of Physic in the case of Dr Warren in the absence of any formal impeachment.

The Resolution and Substitute were fully debated & the Substitute adopted.
Charles F Mayer offered the following Resolution to which Geo W Dobbin offered a substitute supporting the

preparation of Articles of Impeachment as the proper course under the Charter, but agreed to withdraw the Substitute and Mr. Mayer's Resolution was adopted

Resolved

That the Faculty of Medicine have exclusive authority to determine when a Chair of the Faculty has become vacant by the incumbent's abandonment of the duties of the Chair, and may thereon fill such vacancy by a new appointment.

On the suggestion of the Provost & on motion of Mr Mayer the following Resolution was adopted

Resolved

That a Committee be appointed to revise the Laws and Ordinances of the University & report such Rules as they may deem necessary for the Government of the Board and that the Provost and one Member from each Faculty constitute the Committee

The meeting was called to order by Dr Dunbar who moved that the Revd Dr Dalrymple Dean of the Faculty of Arts and Sciences be Chairman of the meeting which was unanimously adopted

The Secretary stated that he had called the meeting in obedience to the following letter viz

Baltimore 19th Sept 1870

Prof J W W Dunbar MD
Secretary Board of Regents University of Maryland

Sir

The undersigned Regents of the Univ of Maryland beg you

the favour of convening the Regents in full session at an early day — say this week — with the view of filling by Election the Office of Provost of the University made vacant recently by the death of the Hon Jno P Kennedy LLD.

The Secretary observed it would be manifestly proper that some measures should be adopted out of respect to the memory of the late Provost the Hon. John P. Kennedy and he stated that it had been suggested to him, as one of the oldest of the Regents that he should move in the matter. He then moved that a Committee should be appointed, consisting of one member ~~member~~ from each Faculty, to prepare suitable Resolutions & to take such proper order in regard to the subject as might be necessary.

The motion was adopted & the Chairman appointed the following Regents to form the Committee viz

Faculty of Arts & Sciences Dr Dunbar
" " Law — Judge Dobbin
" " Medicine Dr Mickintosh
" " Theology Rev Dr Hamner

Prof Christopher Johnston seconded by H Clay Dallam moved that the Regents now proceed to elect a Provost in the room of the Hon John P Kennedy, the late Provost deceased, — which was adopted unanimously. He therefore nominated as Provost of the University of Maryland Hon S Teakle Wallis. The nomination was seconded by Mr Poe and other Regents and there being no other gentleman put in nomination on motion Mr Wallis was declared to be unanimously elected.

A motion was then made by Mr Dallam that a committee

consisting of one Regent from each Faculty be appointed to inform Mr Wallis of his Election

The motion was adopted whereupon the Chair appointed the said Committee as follows

Faculty of Law. H. Clay Dallam
" " Medicine Prof Johnston MD
" " Theology Rev Dr Hanna
" " Arts & Sciences Prof Allen MD

Some conversation informally took place among the Regents about the interests of the University when the following motion offered by Prof Johnston was adopted

Resolved That a Committee of three to be named by the Chair be appointed to take into consideration, and report at the next meeting of the ~~Faculty~~, the expediency of calling for an Annual Report from each school, showing the actual condition of each, — the plan of instruction adopted & such other matters as may be deemed of importance —

— And also to consider & report upon any other matters which in the judgment of the Committee may be proper to be brought before the Regents touching the welfare of the Institution.

The Chair appointed the following gentlemen on the Committee

Dr Johnston
Geo Wm Brown
Dr Dunlap

but Dr Dunlap declined to serve and stated that he would nominate Rev Dr Dalrymple in his place as much better qualified from his knowledge of the affairs & interests of the University Dr Dalrymple was unanimously appointed and the Committee consisted Prof Johnston Geo Wm Brown and Rev Dr Dalrymple —

The Committee appointed to prepare suitable testimonials to the memory of the late Provost Hon Wm P Kennedy LLD made through Judge Dobbin, the following Report which was unanimously adopted, and ordered to be spread on the minutes of the Board

Report

The Regents of the University of Maryland now here assembled, are called upon by official duty to record our sense of the loss the University has sustained in the death of our late Provost Hon John Pendleton Kennedy, [illegible] Doctor of Laws, but official duty far less [illegible] than our high personal respect for the [illegible]

and our sincere affection for the amenities which made him so estimable a friend, and so genial an associate.

In a long and useful life blessed with fortune and leisure, he was distinguished for his genius and acquirements, and for a nobleness of nature which devoted them to the good of his fellow men. The fascinating productions of a genial and fertile imagination flowing through a graceful pen, the severe labors of the philosopher and the unselfish statesman, the admiration lavished on a winning oratory, which made solemn themes attractive, and dignified those which in less skilful hands would be considered trivial, attested throughout his whole career, the homage which genius directed by judgment, and cultivated with assiduity must ever earn. To mental endowments of the highest order, were added in him the adornments of a general goodness, which shone with graceful ease in all his intercourse with the world, and commingled in blended harmony the learning of the closet, with the softening courtesies of the highest refinement. Though it might well be supposed that in a life so prominent in the public eye as his, many occasions would arise in which the assertion of conflicting opinions, might have engendered animosities culminating in detraction and abuse. Yet in his case it was not so. None will be found to take one stone from the fabric of his noble fame by attributing him any but the purest motives. In mourning the loss of so eminent a man, though we do it in the special relation which we hold to him in the government of this University, we feel that we do but reach the sorrow that is every where felt, where genius is admired and integrity respected. And now uniting our voice with the general grief, we send this memorial of our sorrow for the loss to this University, to the world of letters, to us personally of a faithful officer, a learned scholar, and a tried & cherished friend.

The Committee appointed at the last meeting of the Regents to inform Hon S Teackle Wallis of his Election to the Office of Provost of the University of Maryland made their Report & presented the following letter of acceptance of that Gentleman

Baltimore 24th September 1870

Gentlemen

I beg leave to acknowledge the reception of your communication of this date, announcing to me on behalf of the Regents, my election to the office of Provost of the University of Maryland.

I feel the honour to be a distinguished one, and it is made doubly grateful to me by the manner with which you are so good as to say it has been conferred. I have therefore much gratification in accepting it, and you will oblige me by making my acknowledgment to the Regents for the kindness of their preference. It has given me great pleasure to notice the recent and successful reorganization of the Law Department of the University, under the most favorable auspices, as well as the fresh development which has been given to the scope and resources of the Department of Medicine, already so distinguished among the leading scientific schools of the country. These evidences of vitality and vigour in so venerable, and popular an Institution, are especially welcome at this moment, when the prospect of our community in population and material prosperity demands and encourages a corresponding movement in professional and scientific Education. It is little that I can hope to contribute personally to the consummation of ends for which so many able hands are seriously labouring in their respective spheres. I shall nevertheless feel myself further honoured by your permission to do what I may. With thanks for your courteous expressions

I have the honour to be Gentlemen

The Report of the Committee was unanimously adopted and it was resolved that a Committee of which Judge Dillon was appointed the Chairman to report to the new Provost and that the Board would recommence rising. Mr Walker was then introduced by Judge Dillon & inducted into the Chair

The Provost on taking his seat to preside over the deliberations of the Board expressed his thanks in very eloquent & appropriate remarks and presided over the meeting

Prof Christopher Johnston from the Committee appointed on his resolution at the last meeting made the following Report

Report

The undersigned Committee appointed by the Board of Regents at the session of Sept 23. 1870 to consider the matters contained in the resolution offered by Prof Johnston, and passed by the Board - respectfully reports

First That your Committee are of opinion that the regular Annual meeting of the Regents ought to be resumed.

That in their estimation the second Wednesday in September will be found most ~~practically~~ suitable and the hour of 5 P.M, most convenient for that meeting at which Reports from the different Faculties should be presented

Second

That it would conduce greatly to the interests, and prosperity of the University, if the Regents would open the Schools with some ceremony, and attend the Public Commencements of the different Faculties, thus encouraging by their personal presence and presence the efforts of the Professors

Third

That it would be of advantage if the [illegible] University could so arrange their [illegible]

of the City that they might all appear together under the common head of University of Maryland

Fourth

That it would be a benefit to the University if the different Faculties would unite in putting forth their Annual Circular in the same pamphlet

Fifth

That it might be advisable for the Secretary of the Board of Regents to prepare for publication in the Sentinel a notice of the Proceedings of the Annual meeting and when proper of other Sessions.

All of which is respectfully submitted

Christopher Johnston (M.D.)

Geo. Wm Brown.

University of Maryland
Faculty of Arts & Sciences
Baltimore 2nd Febry 1872

Sir:

I have the honor to inform you that at a recent meeting of this Faculty some of the Professorships made vacant by the death of their late incumbents

have been duly filled by new appointments and that our Faculty is, at present composed of the following members.

Revd Edwin A. Dalrymple D.D. Dean
& Professorship of Ancient Languages.
Julian J. Alexander Esquire
Professor of Political Economy
Philip T. Tyson Esquire
Professor of Geology & Mineralogy
Augustine J. Dalrymple M.D.
Professorship of History & Geography
Revd Hugh T. Harrison A.M.
Professor of Moral Philosophy

It affords me much gratification to say that all of the above named gentlemen, at some period of their education, were students of this venerable institution and that they all are natives of the City of Baltimore

I have the honor Sir
to be, most respectfully
Your obedient Servant

of the Univ. of Md.

Also the following reply

Baltimore 9th February 1872

Revd Edwin A. Dalrymple D.D.

Sir:

I have had the honor to receive your communication of the 2nd instant in which in the capacity of Dean of the Faculty of Arts and Sciences of the University of Maryland, you are so

good as to inform me of the appointment of certain gentlemen whom you name, to vacant professorships in that Faculty.

In the full list of the members of the Faculty which you add, I find the names of none but Professors. The Act of 1812, in its tenth Section, provides that "the professors of the Arts and Sciences, together with three of the principals of any three Academies or Colleges of this State, and their successors shall form and constitute the Faculty of the Arts and Sciences." The eighth and ninth sections of the same Act give to the Faculty only (and not to the professors) the power of choosing its own dean and appointing its professors and lecturers.

As therefor it appears by your list that the Faculty is not complete and there is, to my knowledge, no evidence on record that it has been complete and legally capable of electing professors for many years, you will pardon me if I invite your attention to the fact, and beg you to favor me with such explanation as will enable me to place the matter before the Regents with entire justice to yourself and the other able and worthy gentlemen who are associated with you

I am with personal regard and respect
Your obedt servant
S T Wallis Provost of
the University of Md.

Then the following communication from The Maryland Academy of Sciences;

To the Provost and Board of Regents of the University of Maryland,

Gentlemen,

The Maryland Academy of Sciences has to the present time been without suitable and sufficient accommodation for the display of its varied collections. Being anxious to promote the

cultivation of the Sciences, and to establish an Institution for the exhibition of natural objects, it designs to extend and render generally useful its Museum of Natural History; so as to furnish a means of scientific culture to students who may seek its advantages. It has been conceded by the highest authorities that the study of natural objects holds a prominent position in cultivating the perceptive faculties and training the mind to method in thought.

There are many in our community who earnestly desire the means of instruction which an Institution of this kind affords. As it now is, this want leaves laudable aspirations unsatisfied, and the energies which should be expended in adding to human knowledge remain unemployed.

The special advantages of such an Institution are of the highest value to the people of this State, especially to the young, affording them an opportunity for the study of the natural Sciences at home, and obviating the necessity of seeking them abroad.

There are few who do not feel more or less interest in these studies, and many who now waste their time in idleness, would be tempted to the acquisition of useful knowledge, if the means were afforded; and as a result of such studies, in due time numbers of useful scientific persons would be added to the community.

The University of Maryland has in connection with the main building on Mulberry Street, an addition on the West side which has been for a considerable time unoccupied, and which by a few minor changes and improvements can be well adapted to the uses of the Academy of Sciences. The union of the Academy and the University would render more efficient the working of both — the Academy obtaining the necessary room for the display of its treasures, while the University would add

to the facilities it may already have for the advancement of Scientific studies

Therefore the Maryland Academy of Sciences respectfully requests the Board of Regents of the University of Maryland to permit it to occupy the above mentioned building, subject to such terms and conditions as may be agreed upon by the respective Institutions

University of Maryland

No 32 Mulberry Street Baltimore Nov. 22 1876

The Regents met in pursuance of a call from the Provost. There were present the Provost (S. S. Wallis L. L. D.) in the Chair and Profs. Aiken, Johnston, McSherry, Chew, Chisolm & Tiffany of the Faculty of Physic; Rev Dr. Hamner of the Faculty of Theology; Rev Dr. Dalrymple of the Faculty of the Arts and Sciences; and Profs. Inglis, Venable and Poe of the Faculty of Law.

Prof. Venable in behalf of the Committee of five which was appointed "to inquire into the condition of the affairs of the Faculty of Arts & Sciences of this University, and of the University Building known as No 32 Mulberry Street, and to report at a future meeting the results of their inquiries with such recommendations as they may deem appropriate", submitted the following report, with the accompanying application of the Academy of Sciences, & the referenda thereof by the Provost.

"To the Honorable Provost & Board of Regents of the University of Maryland:

The undersigned, who were appointed a Committee under the resolution hereto annexed beg leave to report. That all teaching has been suspended in the department of Arts & Sciences in the University of Maryland, and that the Building No. 32 Mulberry Street is partly unoccupied and unused. The western front room is used as a Lecture Room by the Law School of the University at an annual rental of One hundred and fifty dollars and the Rev. Dr. E. A. Dalrymple of the Faculty of Arts and Sciences uses the

Eastern Front room as an office or study.

The Provost has referred to your Committee the Communication hereto annexed from a special committee of the Maryland Academy of Sciences We have examined this communication and are satisfied that the use of the building proposed by the Academy is within the purposes to which it is dedicated by the Acts of Assembly relating to the University of Maryland, and that the Board of Regents can and should temporarily transfer a part of the said building to the Academy for purposes specified in the communication. But we do not deem it safe or prudent for the Board of Regents, or the Academy to enter into any contract for a permanent transfer of the building without the sanction of an Act of Assembly.

We are informed that there are certain claims against the building, or against the Faculty of Arts and Sciences and are of opinion that some arrangements should be made for the payment of such of them as shall be deemed meritorious.

Your Committee therefore recommend that a committee of three be appointed with instructions

1- To rent a portion of the building No 32 Mulberry Street temporarily to the Maryland Academy of Sciences for the purposes specified in the communication hereto annexed, on such terms as may be agreed on between said Committee and said Academy.

2. To prepare an act and submit it to the next General Assembly of the State of Maryland enabling the Board of Regents of the University of Maryland permanently to transfer said building to the Maryland Academy of Sciences on terms to be arranged between said Committee and said Academy.

3. To examine all claims against said Building or the Faculty of Arts and Sciences and to report to the Regents at a future day all such claims as they may deem it proper and just to have paid, together with recommendations as to the method of raising means for paying the same

Application of Academy of Sciences with reference by Provost

To the Provost & Board of Regents of the University of Maryland.

Gentlemen;

The Maryland Academy of Sciences having reliable information that the Board of Regents of the University of Maryland is empowered by the several Acts of the General Assembly of Maryland to use or cause to be used for the advancement of Science the property held by it on Mulberry St. opposite Cathedral Street respectfully petitions the Board of Regents to permit the Academy of Sciences to occupy the said property for the uses and purposes of the Academy and the storing and displaying of its already extensive collections of the Natural History of the State of Maryland and other regions: thus aiding the advancement of Science and Scientific Education in the City of Baltimore and State of Maryland. The Academy of Sciences has most reasonable expectation of large pecuniary aid from several of our wealthy and public spirited citizens, if said premises can be obtained, and would therefore request, in the event of the property being transferred to it, that by the same act it may be empowered to make such alterations and improvements as may be considered necessary ~~and~~ or desirable in efficiently carrying out the aims of the Academy and the advancement of Scientific cultivation

Hoping for a favorable consideration of the above petition we are very respectfully

After considerable discussion the first & third points in the above set of resolution ~~was~~ were adopted — the second point, at the suggestion of Judge Magill's modified so as to read

"To prepare an act and submit it [illegible] of the State of Maryland enabling the B[illegible]

of Maryland to devote said Building to the general purposes of the University or to sell the said building and apply the proceeds to the same purposes."

The following additional resolution was also adopted - "A committee of three shall be appointed by the Regents of the University whose duty it shall be to report to the Regents for their adoption or rejection what arrangements can be made with the Academy of Sciences; and to present also the draft of the proposed Act under the resolutions just adopted." _ Reo^d O Dalrymple voting against all the resolutions

The Provost then laid before the Regents the act of 1878 Ch 138 authorizing the sale or other disposition of the University building known as No 32

Mulberry Street whereupon Mr Dallam moved the appointment of a Committee of three to see that the property is properly insured and cared for, and to ascertain and report the character & extent of the liens and other claims against the property and to make suitable inquiries as to what disposition was best be made of the property in execution of the authority conferred by the Act of 1858 Ch. 138.

The motion was unanimously adopted and the Committee consisting of Mr H. Clay Dallam, John P. Poe & Richard M. Venable was appointed.

The Regents then adjourned until June 10 1858 at 6 P.M.

The Regents met pursuant to adjournment.
Present: S. Teackle Wallis - Provost in the Chair.
Professors Mc Sherry - Johnston - Chew. Chisholm Howard & Tiffany of the School of Medicine.
Messrs Inglis - Brown - Dallam - Venable & Poe of the School of Law. & Dr Dalrymple of the School of the Arts & Sciences.

Prof Inglis presented the resignation of Revd Dr James G. Hamner of the School of Theology and with it the book containing the minutes of that Faculty. The resignation was accepted & the Secretary was instructed to notify Dr Hamner of its acceptance.

Mr H. Clay Dallam then

Submitted the following report of the Special Committee appointed at the last meeting to enquire into & report upon the condition of University Building No. 32 Mulberry St.

Baltimore 10 June 1878

To the Honorable
The Provost and Regents of the University of Maryland

The Committee who by resolution of the Regents passed at their meeting on the 30th ultimo. were directed to make enquiry touching the present condition of the University property on Mulberry Street and to report thereon to an adjourned meeting of the Regents to be held this day, respectfully report as follows, that is to say;

1- That the dimensions of the lot on Mulberry Street are about 118 front feet on said Street, with a depth of about 151 feet to an alley. That this whole lot is chargeable with a ground rent of $300 per annum payable semi-annually on the first days of November and May in each and every year: that said rent was created by ~~the~~ lease from John H. Alexander and wife to the Regents of the University of Maryland, which said lease was executed on the 3rd of November 1856 and is recorded in Liber E.D. No. 115, fol. 322 &c of the Land Records of Baltimore City; that said ground rent has heretofore been apportioned and paid by the respective schools occupying the University Building as follows;

The Law Department has paid	$150.00
The Md. Acad. of Sciences, whose building covers 30 front feet of the lot, has paid about	75.00
The School of Arts & Sciences has paid	75.00
making a total of	$300.00

This latter faculty has now abandoned the building, thus leaving the proportion of the ground rent to be provided for; that said rent when it was created was made redeemable at any time after 20 years from its creation; and it has, therefore, been redeemable, at the pleasure of the Regents, for the last two years, on the payment of the sum of $5000.00

The semi-annual payment of said rent, due May 1st last, has not been made

2- An Insurance in the Baltimore Equitable Society, was effected on the property on Dec. 14 1867 and is still subsisting.

The property was insured to the amount of $10,000.00 the annual premium on which is Thirty dollars, payable in instalments of fifteen dollars, semi-annually on the 14th of December and June in each year; there will, therefore, be a premium of fifteen dollars due the 14th inst. The Policy recites that the insurance is on a brick building, 3 stories ~~high~~ on the south side of Mulberry St. 70 by 75 ft. It would seem that this does not cover the whole building, as it now exists. The policy is herewith returned and annexed to this report

3- Your committee are not advised of any other liens or incumbrances on the property other than the ground rent above described. An account of Dr. E. A. Dalrymple against the University of Maryland has been furnished to your committee by that gentleman, which is herewith filed as part of this report, from which it will appear that Dr. Dalrymple's claim for repairs to said building advances and interest thereon - to July 1-1878 amounts to the sum of $ 2213.52 of which the sum of $850.26 is principal + $1363.26 is interest.

4. The scope of the resolution of the Regents under which the Committee acted, did not look to any disposition of the property. The lease from the Regents of the Univ. to the Md. Acad. of Sciences was made for a period of ten years. The lease has been in existence five years, and has therefore 5 yrs. still to run. Should it be the determination of the Regents to dispose of the property, some arrangement will have to be made with the Acad. of Sciences by which the property can be offered without being subject to this outstanding lease. Your committee has instructed the colored Janitor whom they found in charge of the building to continue to give it his attention until otherwise directed by the Regents-

Respectfully Submitted

The report on motion was accepted.

Upon motion of Prof. Chisholm it was resolved that an assessment be made upon the Faculties of Law & Medicine to raise the necessary funds to provide for the payment of the ground rent which fell due on May 1 1878 the premium of insurance to fall due on 14 June 1878 and the wages of the Janitor until the future order of the Regents - all such assessments to be refunded

to the several contributors out of the proceeds of the Building ~~and~~ premises whenever disposed of.

Upon motion of Prof Tiffany a committee of three with the Provost as Chairman was appointed ordered to audit the account of Dr Dalrymple submitted by him to the Committee appointed at the last meeting & by them laid before the Regents with their report -
The Committee was appointed as follows - The Provost & Professors Tiffany & Poe

Prof Poe moved that a special Committee of three be appointed to inquire into the most desirable mode of disposing of the University Building & premises known as No 32 Mulberry St in conformity with the provisions of the Act of 1838 Ch 138. and that the same Committee be charged with the duty of collecting the assessment just ordered and of applying it as directed. The motion was adopted and Mess Poe Cherbolin & Chew appointed as the Committee -

~~This~~ ~~Committee~~ On motion of Prof Tiffany the committee on Dr Dalrymple's accounts was also instructed to inquire into & report upon the present status of the Faculty of the Arts & Sciences.

Dr Dalrymple was authorized to sell the chattels belonging to the School of Arts & Sciences & apply the proceeds towards the payment of such claim ~~of any~~ as may be found due to him.

Mr Poe presented the application of Sylvester Clifford for the position of janitor at No 32 Mulberry St which was referred to the Committee on the ~~[illegible]~~ position & that property.

On motion the Regents then adjourned until June 24 1878 at 10

The Regents met pursuant to adjournment. Present, S. Teackle Wallis, Provost, in the chair. Professors Miltenberger, Johnston, Howard, Niles, Donaldson, McHenry, Tiffany and Chisolm of the School of Medicine, Rev. Dr. Dalrymple of the School of Arts & Sciences, and Messrs. Latrobe, Dobbin, Inglis, Venable and Poe of the School of Law.

~~The~~ After the reading and adoption of the minutes of the preceding meeting, the committee appointed to audit the account of Dr. Dalrymple, presented, through Mr. Poe, the following report, which, on Motion of Mr. Latrobe was accepted.

To the Regents of the University of Maryland:

The undersigned, appointed a Committee, at the last meeting of the Board of Regents to audit the account presented by the Rev. Dr. Edwin A. Dalrymple, beg leave respectfully to report,

That they have not undertaken to enquire into the correctness of the items charged in the account, having assumed it to be the unanimous sense of the Regents, that Dr. Dalrymple's statement is a sufficient voucher for the accuracy, as it of course is, for the good faith, of his charges.

The account commences nearly twenty two years back and is stated as between Dr. Dalrymple and "The University of Maryland, Faculty of Arts and Sciences". With the exception of a few debits and credits between the 29th of September 1856 and the 1st of July 1857, leaving a balance in favor of Dr. Dalrymple of $572.30 to be carried forward at the latter date, it is simply an account current between the Faculty of Arts and Sciences and Dr. Dalrymple as its Treasurer, The final balance in favor of Dr. Dalrymple is $2213.53 as of July 1- 1878, $850.26 of that amount being principal and $1363.26, interest.

The Committee think it very clear that no valid claim for this balance can be set up against the Regents upon the theory that the Corporation is responsible for debts contracted by any of its faculties. With the exception of the Faculty of Physic, the

faculties of the University are not corporations, nor have their any capacity to make contracts, except upon the faith and responsibility of their individual members. The University has no money endowment, and no pecuniary means for either its general purposes, or those of any of its Faculties. These latter have therefore been compelled, from the beginning, to depend upon themselves, except in so far as the State, from time to time, has chosen to make appropriations for their benefit respectively. Such appropriations as were made for the specific benefit of the Faculty of Arts and Science, were applied to its use directly, none, it is believed, being of later date, than that made by the Act of 1825 ch. 188, by which $2000 were given to purchase apparatus for that faculty. It was expressly provided by the last mentioned Act, that no part of any residue which might remain in the hands of the Corporation for the general benefit of the University, after payment of amounts specifically given to the respective faculties, should be expended in payment of salaries or other annual expenses. In this, the legislature but carried out its fixed policy, of leaving every Faculty to its own resources, for its own support, and extending the aid of the State only for the purchase or erection of buildings, the purchase of libraries, and apparatus or the re-payment of moneys borrowed or expended for one or other of these ~~common~~ objects. Under these circumstances it is not perceived that the University can possibly have anything to do with the accounts between the Faculty of Arts & Sciences and its Treasurer unless there should be some basis of obligation on the part of the Corporation, other than the mere relation of that Faculty to it under the Charter. It is suggested that some such obligation is created by the peculiar relation of the University to the Mulberry Street property. The Committee are unable to perceive the force of this suggestion.

By the Act of 1830 ch. 50 and the Deed of April 4th, 18[illegible] ~~sealed~~ Executed thereunder, by the Trustees of Baltimore College, to the University, the latter took the property in trust to "hold" it, or in case of sale to "hold" its proceeds, in perpetuity for the use and benefit of the Faculty of Arts & Sciences, to be used for the promotion of Collegiate Education. There was no power whatever

given to part with the trust fund. The sole power and express duty was to "hold" it for the uses named. The property, not having been sold, the Faculty took possession of it, with the consent of the Regents and used and occupied it. This permission exhausted the power of the University in the matter, and the use exhausted, for the time, the rights of the Faculty in the property. The University was not bound to keep the buildings in repair or to pay any of the current charges, thereupon, for it derived no rents from them, and had no funds from other sources, for that purpose. It was for the Faculty and its professors, alone, to determine whether the receipts from their employment of the property would probably justify them in employing it and in spending money upon it, or did justify them in continuing their use of and expenditures upon it for collegiate purposes. If large profits had enured from such use and outlay, they alone would have the benefit of them. The University would have no claim to a single dollar thus derived. There was, therefore, not only no legal obligation, on the part of the University, as trustee, to pay the debts incurred by the beneficial owner, in using and employing the trust property, but it seems to the Committee that there is no shadow of Equity in imposing any part of the burden upon those who under no circumstances could have had any part of the profits.

But it has been further suggested, that inasmuch as the Act of 1878 Ch. 138 has authorized the Regents to sell the Mulberry Street property and apply the proceeds to the use of any of the Faculties of the University and for its general uses, it is but equitable to apply a portion of these proceeds to the liquidation of the debts of the Faculty of Arts & Sciences, whose former exclusive use of the property is thus divested. There would be great force in this view if the property had been liable to these debts, before and when the Act of 1878 was passed. But such was not the fact. The University and the Faculty, together, if that act had not been passed, would not, today, be legally competent to sell the property and

apply ~~the~~ its proceeds to the payment of Dr. Dalrymple's claim. 20.
have done so at any time would have been a violation of the terms of the trust created by the Act of 1830. The Act of 1878 therefore has interfered, in no way, with Dr. Dalrymple's remedi or his rights. It has not impaired nor taken away from the Faculty of the Arts and Sciences any right to charge Dr. Dalrymple's claim on the property for no such right ever existed. It has not deprived ~~Dr Dalrymple~~ the Faculty of Arts and Sciences of the means of paying its debts, for during twenty years user of the property, that Faculty continued to accumulate debts, instead of paying them as Dr. Dalrymple's account demonstrates. Indeed the credits which the last few years have supplied have notoriously arisen from other uses and sources than those which the employment of the building, by that Faculty, would have furnished. The Committee are consequently unable to report that the passage of the Act of 1878, in their judgment, adds, in any way to the equitable obligations of the University in the premises. In fact the very terms of the Act of 1878 sect. 3, would appear rather to preclude the application of the proceeds of sale of the McCrary St. Prop[illegible] to any other purposes than "the purchase of other property for the use of any of the Faculties of said University" or some other "purposes of said University". It can hardly be contended that the payment of a debt, for which the University is not, and never was, liable, could have been one of the "purposes of the University" in the contemplation of the Legislature

The Committee, of course, have not forgotten that there is a ground rent charged upon the property, by deed from the Regents made at the request of the Faculty of Arts & Sciences. The power to create that charge was doubtless found by our predecessors, in the fact that the money borrowed was to be specifically applied to the erection of a third story and the permanent improvement of the buildings upon the trust estate. To the extent to which our Predecessors saw fit to exercise the power, it is to be treated by us, as having been properly

exercised, and the lien created is to be recognized as valid and binding. But the Faculty of Arts and Sciences was pleased on its own account to go beyond the amount so borrowed and received, and the account of Dr. Dalrymple shows that between Sept. 29th 1856 and Febry 5 - 1857, he advanced to the Treasurer who preceded him, and that he expended, after he became Treasurer himself, various sums for improvements, amounting in all to some $700 or $800. The Committee are constrained to regard these advances as moneys which Dr. Dalrymple, in the exercise of his own discretion, voluntarily expended, for the purpose of promoting the plans and purposes of a Faculty, which had chosen him as one of its professors. His own pecuniary interest, as such professor, were involved in the consummation of the views of the Faculty, which he shared, and he no doubt anticipated, as he had a perfect right to do, that the outlay, and the improvements which it secured would redound to ~~its~~ his own personal benefit, and that the prospective profits of his Professorship justified him in taking the risk of his advances.

In so doing he did no more than the Professors of the Faculties of Physic and Law, notably the former, have repeatedly done, upon their own pecuniary responsibility, without looking to either the corporate real estate or the guaranty of the corporation, for indemnity. The Committee are therefore obliged to regard the advances made by Dr. Dalrymple, for improvements as in no wise different, so far as the liability of the Regents therefor is concerned, from any of the other advances which he saw fit, voluntarily, to make, on account of the faculty whose Treasurer he was. The question of indebtedness for these, as well as for the other items, is one altogether between the contracting parties, and one for which, in the judgment of the Committee, the Regents have neither moral nor legal responsibility. The Committee would feel justified in ~~resting~~ resting their conclusion upon the grounds already stated, but they annex to this report an analysis of Dr Dalrymple's account, by which they persuade themselves that the result ab

at which they have arrived is demonstrated to be correct for other equally cogent reasons. Dr. Dalrymple's account, starting with the items of advances made by him in 1856 for the purpose of enlarging and otherwise improving the building, consists, afterward for the most part, of charges for the annual wages of his Janitor and for the ordinary current repairs upon the property which he occupied as tenant. These charges, an itemized list of which accompanies this report, amount in the aggregate to $5001.98. The Committee are unable to perceive upon what possible theory they can be allowed.

If the view of the relation between the Faculty of Arts & Sciences and the University, already presented, were conceded to be incorrect or inequitable, then the only other aspect in which Dr. Dalrymple's position can be considered, is that of a tenant holding the property under a contract of renting. As such, there is no more reason for his charging the owner of the property, viz: the University, with the wages of his servant, than with the cost of his fuel, and as, in the absence of express contract to the contrary, the landlord would not be bound to make or pay for ordinary current repairs to the rented property, there is in like manner, no reason whatever for the Dr's charges for these matters.

Rejecting therefore the sums paid to his Janitor amounting, in the twenty years covered by his account, as Treasurer, to $4331.80 and rejecting also the cost of ordinary repairs, together with the interest annually charged on these items, and crediting the Regents with the items allowed by Dr. Dalrymple, the Committee find that the claim of the Doctor is not only extinguished, but he is found to be debtor in the sum of $7062.01

They submit with their report a statement showing such result.

In their opinion however, this mode of stating the account is not entirely accurate, for it embraces, as an item of charge against Dr. Dalrymple, the matriculation fees with which he has credited the Regents. These amount in the aggregate to $2020. No good reason is perceived for including them. They may be proper enough in the Doctor's account as Treasurer, but

the University has no pecuniary interest in them and no right to receive them. Rejecting them, and the balance against Dr. Dalrymple will be proportionably reduced, though there will still remain a balance of between $4000 and $5000 against him.

For this indebtedness the committee of course do not recommend that any claim be made upon Dr. Dalrymple. As they cannot understand the theory upon which the Regents of the University can be liable for the debts of the Faculty of Arts & Science, so on the other hand they cannot perceive what legal right the Regents have to undertake to collect for their benefit, any claims due to that faculty especially in the absence of any application from it to them looking to that end.

It is enough for the Committee to be able to report that in their judgment upon no theory of stating the account, has Dr Dalrymple any valid claim upon the University.

They respectfully submit the accompanying resolution.

June 24 1878

(Signed) S. T. Wallis Provost

Resolved - that it is the sense of the Regents that upon the account presented by Dr. Dalrymple there is nothing due by the University of Maryland to him.

The Committee were charged with the further duty of reporting upon the actual status of the Faculty of Arts and Sciences. They regret that time has not been afforded them to prepare a proper report upon this point, which is one of considerable gravity and involves some interesting questions. They are therefore constrained to ask further time to mature their views in regard to it.

(Signed) S. Teackle Wallis Provost
John P Poe
L McLane Tiffany.

The report after having been accepted was discussed by Dr. Dalrymple, the Provost, Messrs. Dobbin, Latrobe and Poe.

Pending the discussion Dr. Dalrymple asked leave to withdraw his account; this, upon being objected to, was refused. Leave however was granted to the Dr. to withdraw his request.

Mr. J. H. B. Latrobe then offered the following resolution—

Resolved - That Dr. Dalrymple be requested to arbitrate the matters in difference between himself and the Regents and in the event of his assenting thereto, that he be requested to name an arbitrator, and that the Provost be requested to name one on the part of the Regents and in event of difference they be empowered to name an umpire whose decision shall be final.

The resolution was defeated, and the vote being taken on the adoption of the report of the Committee it was adopted Dr. Dalrymple voting alone in the negative.

The Committee, appointed at the last meeting of the Regents to inquire into the most desirable mode of disposing of the University Building No 32 Mulberry St, presented the following report which was accepted and adopted.

To the Regents of the University of Maryland:

The Committee appointed to inquire into the most desirable mode of disposing of No. 32 Mulberry Street in conformity with the Act of 1878 Ch. 138 respectfully report,

That they have satisfied themselves that the lot in question can probably be leased at the rate of $15 per front foot or thereabouts and they recommend therefore that they be empowered to employ a competent real estate broker to lease the same at a price not less than that rate or to sell the same for not less than $25000 subject to the approval of the Regents. In the meantime they think it would be well to make some use of the Building by renting to good tenants so many of the Rooms as are not required by the School of Law and they recommend that a committee of three be appointed with power to act in this particular.

Prof. Poe offered the following resolution which was unanimously adopted

Resolved That a committee of three be appointed by the Chair to consult with the Faculty of Physic and cause to be prepared such instrument or instruments as may be necessary to secure ~~such~~ loan not exceeding $30,000 as the Faculty of Physic may desire to raise upon the University Buildings on Lombard Street or any part thereof in order to enlarge the Hospital of the Faculty and thereby aid in the promotion of Medical Science

Resolved that the Provost be, and he is hereby, authorized, to execute in the name of the Regents such instrument or instruments as may be agreed on and prepared in pursuance of the foregoing resolution

Messrs. Tiffany Howard and Poe were appointed the Committee in pursuance of the aforegoing resolution

On the motion of Mr. Dallam it was agreed to appoint a committee of three upon the question of what constitutes a quorum.

The following resolution at the instance of Mr. Poe was then adopted.

Resolved that the Committee heretofore appointed in reference to the disposition of the property known as No. 32 Mulberry St. be authorized to borrow at a lower rate of interest than 6 per cent the sum of $5000 for the purpose of extinguishing the redeemable ground rent of $200 per annum now issuing out of said property.

The Regents then adjourned to meet at the call of the Provost.

July 11th 1882.

At a special meeting of the Faculty of Law of the University of Maryland, held at the office of the Provost, S. Teackle Wallis Esq; Professor Poe handed in the resignation of Charles Marshall Esq, Prof of Contracts and Commercial Law. The faculty, upon learning that Prof. Marshall's intention was unalterable, accepted the resignation with regret. The Provost was requested by the faculty, to communicate with Col. Marshall, and inform him of their reluctance to accept his resignation, and their high appreciation of his distinguished services.

Upon motion of Professor Richard M. Venable, Thomas W. Hall Esq was unanimously elected to the professorship made vacant by the resignation of Colonel Marshall.

The Provost was requested to inform Mr Hall of his Electron.

Charles. Marshall Esqr.
Counsellor at Law:

Dear Sir: At a meeting of the Faculty of Law of the University of Maryland, held this morning, your letter of July 6th., announcing your resignation of your Professorship was presented by Prof. Poe.

The Faculty have yielded, with great reluctance, to the necessity of regarding your action as final, & they have instructed me to express their sincere & deep regret at your de-

termination.

I am directed further to say to you, how highly the Faculty appreciate the distinguished advantages which the School has derived from your association with it, & how much they are personally concerned at the severance of an official relation, which has been to them, always, a source of increasing respect & regard for you.

Very Respectfully Yrs.
J. T. Wallis

Provost of the University
of Maryland.

Dear Sir. I have received your letter of the 11th inst. containing official notification of my election by the Faculty of Law of the University of Maryland, to fill the vacancy in the Law School created by the resignation of Professor Marshall. I appreciate the responsibilities as well as the honor of the position thus offered to me, & in deciding

Thomas W. Hall Esq.
Counsellor at Law.

Dear Sir: I am instructed & have the pleasure to inform you, that at a meeting of the Faculty of Law of the University of Maryland, held this morning, you were chosen, by a unanimous vote, to fill the vacancy just created by the resignation of Professor ~~Charles~~ Marshall.

It is the hope & earnest desire of the Faculty, not only in the interest of the School, but upon grounds of personal consideration & regard, that your engage-

to accept it, as I now do, with the very serious addition to my present labors & duties which such acceptance will necessarily involve, I can only express the hope that I may be able to justify the good opinion & confidence of the Faculty. Thanking you sincerely for the very kind & complimentary terms in which you have been pleased to express to me the wishes of the Faculty – I am

Very truly

Hon. John Prentiss Poe.,

Attorney General of Maryland,

My dear Sir,

I have the honor to acknowledge the receipt of your letter of June 9th, 1894, informing me that at a special meeting of the Regents of the University of Maryland, held June 8th, 1894, I was unanimously elected Provost of the University of Maryland, as the successor of the late Mr. S. T. Wallis. I most respectfully accept the office which the Regents have been kind enough to confer upon me, and shall to the very best of my ability, endeavor to perform all of its duties, always remembering however, that I can never hope to fill the place in the estimation of the Regents, held by Mr. Wallis.

Please accept my sincere thanks for the very kind words which accompanied the announcement of my election.

Yours very truly,

Bernard Carter

At a meeting of the Board of Trustees of the Endowment Fund of the University of Maryland, duly called and held, among other proceedings had, and following Preamble and Resolution were offered by Dr. Samuel C. Chew and unanimously adopted, and the President of the Board was directed to communicate the same to the Board of Regents of the University of Maryland, for the consideration of said last named Board;

WHEREAS, the funds now held by this Board for the benefit of the University of Maryland have been from time to time invested in the purchase of certain of the five per cent coupon bonds, issued by the University of Maryland: and

WHEREAS, it seems probable that this Board may hereafter desire and deem it advisable to make further investments in the said Bonds; and

WHEREAS by the provisions of the Charter of the Trustees of the Endowment Fund of the University of Maryland, being Chapter 529 of the Acts passed by the General Assembly of Maryland, at the January Session, 1904, it is provided that the funds to be held by this Board shall be invested in Registered Securities; and

WHEREAS there is no provision contained in the mortgage given to secure the said bonds issued by the University of Maryland for the Registration thereof, and such registration is extremely desirable as to the bonds now held by this Board, and imperative if

this Board shall hereafter desire to make any further investments in the said bonds;

NOW BE IT RESOLVED, That the Board of Regents of the University of Maryland, be and they are hereby requested to take such action as they may be advised shall be proper and necessary in order that the five per cent bonds heretofore issued by the University of Maryland, may, so far at least as the principal of said bonds is concerned, be registered in the name of such holder or holders thereof as may desire to have them so registered.

AND BE IT FURTHER RESOLVED, That the President of this Board be and he is hereby authorized and directed to communicate this action to the Board of Regents of the University of Maryland.

The above is a correct abstract and copy of Resolutions adopted at a special meeting of the Board of Trustees of the Endowment Fund of the University of Maryland.

Relative to the Centennial Celebration

BALTIMORE, MD. Dec 11 1905

To the Honorable Board of Regents
University of Maryland.

Sirs:-

With a view of properly celebrating the Centennial of our noble Institution in 1907 your petitioners respectfully request that an order be passed by your honorable body authorizing the Alumni Association of the Medical Department (which is the senior department) in conjunction with representations from all the other departments - to take action in the premises, in order to secure achievements worthy of so rare and honorable occasion and reflect credit upon your Board and the Alumni of all the departments and be a creditable record for future history.

That this authority be granted with the understanding that there shall devolve on the several committees appointed from the Faculties and Alumni associations of all the four departments the practical of making proper provision for, superintending and directing the observance of said celebration, with power to appoint sub-committees, and if necessary add to their number.

That no expense be incurred by your Board, except as individual members, you may choose to contribute towards the general fund.

The above prayer is offered at the request of a called meeting of all the Faculties and Alumni committees held Dec 4 1905.

Respectfully submitted:

E. F. Cordell
F. M. Hopkinson
Helmer Pennington
John T. King
James H. Barrett
J. G. Pennington
W. F. Stellmann
A. D. McDonnachie

Dr Taneyhill made some explanation of the subject & then withdrew.

Professor John C. Hemmeter moved that the thanks of the Regents be given to Dr Taneyhill for his active interest in the subject and that he be assured that the request submitted by him & the Alumni Association should be fully considered. Seconded and adopted.

Professor Hemmeter then explained the subject of the proposed Centennial Celebration which led to some discussion as to what in fact is the proper date of the Centennial & what action should be taken.

The Regents without taking definite action adjourned subject to the call of the Provost to await a formal expression of the views and wishes of the Faculty of Physic.

John Prentiss Poe
Secretary.

100 E.Lexington St.,

Baltimore, February 8, 1906.

A Meeting of the Regents was this day held at the office of the Secretary 100 E.Lexington St. pursuant to notice.

My dear Sir:-

I thank you most heartily for your courtesy & thoughtfulness in sending me a copy of the resolution passed yesterday afternoon by the Board of Regents. Of course - as you know - it is very pleasing news to me & I hope we will now get together & arrange a celebration for our University in a degree commensurate with its foundation & with what other Universities would have upon a similar occasion. I have been much gratified to find the graduates in the various departments so interested & enthusiastic about this event & the development of the University generally; this was particularly agreeable regarding my fellow alumni of the law school. I cannot but express my surprise that Mr. Carter did not bring the petition of the alumni before the Board. I notified him before the last meeting, & requested it.

Yours most sincerely

John P. Poe Esq

Dear Mr Poe

The Medical Regents & Faculty have appointed a Committee to prepare for a celebration of the Centennial of the Medical Faculty in 1907

As chairman of that committee, consisting of Profs Coale Mitchell Culbreth & myself. I desire to inform that we are preparing a plan for consideration of the Alumni & the Law Dental & Pharmacal faculties.

We have not yet issued a call for a general meeting of all committees as the adjacent Med Faculty has not even appointed its committee & our preparatory work has not sufficiently matured.

As the Centennial is that of the Medical Faculty the organization of the committee had properly be left to the report board. We hope you will aid us by your presence and advice when we call

the meeting of all committees

Last week I attended a reception given by our Washington Alumni Assoc & initiated a movement to have this Assoc represented on the General Administrative board by a committee.

A plan is under way for organizing a branch Alumni Assoc in every state in which we have a sufficient number of Alumni to warrant the undertaking.

In the near future I hope to have a private chat with you concerning our proposed affiliation with St Johns College Annapolis

Hoping you are well

THIS INSTRUMENT OF WRITING, made this 18th day of January, 1906, by and between the Regents of the University of Maryland, a corporation duly incorporated under the laws of the State of Maryland, of the First Part, and the Mercantile Trust and Deposit Company of Baltimore a corporation similarly incorporated, of the Second Part; being an Instrument supplementary to the Deed of Mortgage hereinafter mentioned bearing date May 1, 1903 between the Parties hereto.

WHEREAS, by Deed of Mortgage bearing date May 1, 1903 and recorded among the Land Records of Baltimore City in Liber R. O. No. 2021, folio 369, etc., the said Party of the First Part thereto and hereto did grant and convey to the Party of the Second Part thereto and hereto, the property therein described, in trust, upon the terms set forth, to secure the payment of Seventy-five thousand ($75,000) Dollars of the Five per-cent (5%) Gold Bonds of the Party of the First Part bearing date May 1, 1903; and whereas all of said Bonds are payable to bearer, being what are known as "coupon bonds", and no provision was made for the registering of any of said Bonds; and whereas, since the making of the saidDeed of Mortgage and the issuing of the Bonds therein mentioned and thereby secured, upon the request of the Board of Trustees of the Endowment Fund of the University of Maryland, the holder of some of said Bonds, made to the Party of the First Part that provision be made for the registering of the Bonds held by said Board of Trustees of the Endowment Fund of the University of Maryland, the said Regents of the University of Maryland, at a meeting held in the City of Baltimore on the Twentieth(20) day ofDecember , 1905, unanimously adopted the following Preamble and Resolutions:

WHEREAS, application has been made to the Regents of the University of Maryland by the Board of Trustees of the Endowment Fund of the University of Maryland, the holder of a portion of the 5% Coupon Gold Bonds of the Regents of the Univer-

BE IT RESOLVED by the Regents of the University of Maryland that, the Mercantile Trust and Deposit Company of Baltimore be, and it is hereby, requested to procure and keep a suitable book in which a registry may be made, in the manner usual for the registering of coupon bonds issued by corporations, of all of the 5% coupon gold bonds bearing date May 1, 1903 issued by the Regents of the University of Maryland and secured by the Deed of Mortgage from it to the said Mercantile Trust and Deposit Company of Baltimore bearing date May 1, 1903 and recorded among the Land Records of Baltimore City in Liber R. O. No. 2021, folio 369, etc.; and the said Mercantile Trust and Deposit Company of Baltimore is hereby authorized and requested, whenever application is made to it by any holder of any of said Bonds for the registry of the same, to cause the registry of the same to be made in the said book in the manner usual for the registering of coupon bonds by corporations, and to note, on each Bond so registered, the registry thereof. After such registry no transfer of any bonds so registered shall be valid unless made on said book by the holder in person, or by his attorney duly authorized, and similarly noted on the Bond; but the same may be discharged from registry by being transferred to bearer, and thereupon transferability by delivery shall be restored; but this bond may again from time to time

from time to time be registered or transferred to bearer as before. Such registration, however, shall not affect the negotiability of the coupons which shall continue to be transferable by delivery.

AND IT IS FURTHER AGREED by and between the Parties hereto, that the said registration of said Bonds for which provision is hereby made shall in no way affect the validity of the said Bonds nor the security furnished by said Deed of Mortgage for all the Bonds mentioned therein.

AND THIS INSTRUMENT FURTHER WITNESSETH, that the said party of the First Part doth hereby appoint and constitute Charles H. Carter as its attorney for and on its behalf, to acknowledge this Instrument as its act and deed; and the said Party of the Second Part doth hereby appoint and constitute Clarence J. Reynolds as its attorney, for and on its behalf, to acknowledge this Instrument as its act and deed, before any officer authorized by law to take acknowledgments thereof.

IN WITNESS WHEREOF, the Party of the First Part hereto has caused this Instrument to be signed by its provost and the Seal of the corporation to be hereto affixed; and the Party of the Second Part hereto has caused this Instrument to be signed by its President and the Seal of the said corporation hereto affixed.

August 13, 1906.

A Special Meeting was this day held pursuant to notice at the office of the Secretary, 100 E. Lexington Street. The Provost, Bernard Carter, Esq. being absent in Europe, on motion, Professor Henry D. Harlan was called to the Chair and the meeting organized.

On motion of Professor Poe, Professor Samuel C. Chew was elected Provost pro tem during the absence of the Provost.

Thereupon the temporary Provost, Professor Chew, took the Chair.

Thereupon Professor Harlan offered the following resolution which was unanimously adopted:

RESOLVED that the Regents be and they are hereby authorized to purchase for the use of the Faculty of Physic at and for the purchase price of $23500 from the property on the northwest corner of Green and Lombard Streets fronting feet on Green Street with a depth of feet, and the Provost pro tem is authorized and directed to procure a good and sufficient conveyance of the property in fee simple.

RESOLVED FURTHER that a mortgage from the Regents of the University to the Commonwealth Bank, in the usual form of mortgages in the City of Baltimore, be and the same is hereby authorized and directed to be made to secure the said Bank for the loan of $20000 agreed to be made by it for the use of the Faculty of Physic, said loan to be applied to the payment in part of the purchase price of the said property bought from on the northwest corner of Green and Lombard Streets.

Said mortgage to be for the period of five years, bearing interest at the rate of per cent per annum, with the right to the Regents for the use of the Faculty of Physic to redeem said mortgage at any time after the expiration of one year from its date

215 St. Paul Street,
Baltimore.

Resolved: at the request of the Faculty of Physic, that the Provost of the University be and he is hereby authorized and directed, in the name of the Regents to execute, acknowledge and deliver to Thomas J. Lindsay and William E. Swindell Trustees, a mortgage of the ground and buildings, at and near the intersection of Green and Lombard Streets in the City of Baltimore, now used and occupied by the Faculty of Physic for the purposes of Medical instruction, exclusive of the ground and buildings now occupied and used by and belonging and attached to the Law Department of the University of Maryland, to secure the repayment of a mortgage loan of $25,000, for three years, at six per cent, from said Trustees, to the Faculty of Physic, for the uses and purposes of said Faculty and the promotion of medical science and education.

And the Provost is further authorized to sign the necessary mortgage notes and guaranty the mortgagees against mechanics liens upon the said premises.

RESOLVED- That the form of bond and deed of trust submitted is hereby approved, and that such deed of trust be made and executed by this corporation under its corporate name, subscribed by its Provost, and its corporate seal thereto affixed, attested by its Secretary, and when so executed that it shall be duly acknowledged so as to be entitled to be recorded according to law, and shall be delivered to said Trustee and recorded, and that the Provost, Secretary, and other proper officers, do and cause to be done all acts necessary, proper or expedient to carry into effect the objects and purposes expressed in this resolution, and to perfect the said issue of bonds and the deed of trust to secure the same.

A Meeting of the Regents was this day held at the office of John Prentiss Poe, Secretary, 100 E. Lexington St., pursuant to due notice. In the absence of the Provost, Mr. Bernard Carter, Professor Samuel Q. Chew was called to the Chair.

Prof. Coale on behalf of the Committee consisting of himself and Messrs. Winslow, Poe and Brantly, heretofore appointed to consider the plan of consolidation with St. John's College, reported that the subject had been carefully discussed in Committee and with representatives of St. John's College, and an agreement had been reached.

He laid the agreement before the Regents and it was read and discussed.

It is in the words and figures following:

Begin

This Agreement made this thirteenth day of February in the year Nineteen hundred and seven, by and between the Visitors and Governors of St. John's College, party of the first part, and the Regents of the University of Maryland, acting for and on behalf of the Faculty of Physic, the Faculty of Law, the Dental Department and the Department of Pharmacy, party of the second part:

Witnesseth, That in consideration of the mutual benefits and advantages to accrue, or that are expected to accrue, to the parties hereto by the execution of this agreement, the said parties hereto of the first and second parts have covenanted and do hereby covenant and agree, each with the other, as follows:-

First: That St. John's College, Annapolis, Maryland, shall thereafter and during the continuance of this agreement, be called "The Department of Arts and Sciences of the University of Maryland," and shall thereafter and during the continuance of this contract so style itself, by affixing or adding in brackets or otherwise, to its corporate title, the words "The Department of Arts and Sciences of the University of Maryland."

Second: That the parties hereto will during the continuance of this agreement promote as far as possible the alliance and affiliation of St. John's College with said professional schools, which it is the intention of this agreement practically to effect during the period of this agreement, without sacrificing the individual autonomy and chartered rights, privileges and properties of any of the parties hereto; and to that end the parties hereto will each publish in their respective catalogues and prospectuses the fact of said affiliation and alliance, between and among the parties hereto, and the advantages of the same, and will also publish abbreviated prospectuses of the several departments or schools of the parties hereto; and, further, will endeavor to facilitate and promote, by proper rules and regulations, to be formed and adopted in manner as hereinafter provided for, the interchange of laboratory advantages and professional instruction, among the students of the respective parties hereto; and by such rules and regulations will so arrange the courses of study to be pursued by students desiring both an academic degree and a professional, or technical, or scientific degree, from one or other of the parties hereto, that the studies pursued at one of said schools or institutions, and the examinations passed therein, may be availed of by such students in another of said schools; so that both such degrees may be awarded spontaneously, or in a lesser period of time than is now required for such degrees.

Third: There shall be a council, representatives of the parties hereto, and of the several departments or schools to be affected thereby, and with the duties and powers hereinafter set forth; of which the Governor of the State for the time being shall, ex officio, be the Chancellor, the Provost of the University of Maryland shall be the Pro-Chancellor, and the Principal of St. John's College shall be the Vice-Chancellor. Said Council shall consist of the said Chancellor, Pro-Chancellor and the Vice-Chancellor and, in addition, of two representatives from the Faculty of St. John's College, two from the Faculty of Physic, two from the Faculty of Law, one from the Department of Pharmacy and one from the Dental Department of the University of Maryland.

Fourth: That the said council shall, subject to the advice, consent and adoption of the governing boards of the institutions represented on it, formulate a body of rules and regulations to govern, and of courses and schemes of studies to be pursued by students desiring to take an academic and a professional, or technical, or scientific degree, from one or other of said institutions; so as to shorten, as far as possible, the length of time required to take both such degrees. The said Council shall also, subject always to the advice, consent and approval of said governing boards of the parties hereto, and have and exercise such other duties and powers as may be committed to it by the parties hereto.

Fifth: That the said Council may hereafter recommend for further affiliation or alliance with the above mentioned college and schools and for participation in the privileges conferred by this contract, any other college or institution of learning in Maryland that it may deem desirable for such affiliation or alliance; but such recommendation shall be submitted for the consideration of the governing bodies of the parties hereto, or the colleges and schools so affiliated at the time, and shall not become operative without the approval and consent of all such governing bodies.

Sixth: That this agreement and each and every of the provisions thereof shall be in full force and effect and become binding upon the parties hereto for a period of five years from the execution hereof; provided, however, the same shall not be repugnant to nor in any manner abridge or destroy the separate and distinct rights, franchises and immunities of either or any of the parties hereto, as expressed, declared and granted in their respective charters, or acts of incorporation.

Seventh: That the Visitors and Governors of St. John's College and the Regents of the University of Maryland shall each retain its separate corporate organization, and shall each continue to provide for the financial support thereof, and it is distinctly understood and agreed that each of the parties hereto is and shall be under no implied obligation, responsibility, or liability of any kind whatsoever for the maintenance, support, direction or management, on the part of either of the parties hereto of the other of the parties hereto, or for the disbursement of the income thereof; but that all and every such obligation or liability shall be strictly limited to the duties and obligations hereinbefore expressly and in terms assumed and agreed to by the parties hereto.

In Testimony Whereof, the Board of Visitors and Governors of St. John's College, Annapolis, Maryland, aforesaid, have caused the President of their said Board to sign these Presents, and its Secretary to affix and attest the corporate seal of said College, and the Board of Regents of the University of Maryland, acting for and on behalf of the said several departments and Schools hereinbefore enumerated, party of the Second Part, have caused these Presents to be signed by the Provost of said University and the corporate seal of the said University to be affixed and duly attested by its Secretary, this the day and year first hereinbefore written.

Bernard Carter
Provost of the University of Maryland.

Attest:

John Prentiss Poe
Secretary of the Regents of the University of Maryland.

Upon Motion of Professor Poe, duly seconded by Professor Winslow, the Report of the Committee was adopted and the proposed agreement was ratified, and was ordered to be entered at length on the Minutes of the Regents.

Professor Poe moved that a Committee of two be appointed to frame and cause to be engraved a suitable invitation card to our Centennial Exercises.

Professor Poe reported to the Regents the arrangements which had been made by the Committee on Centennial looking to a Mass Meeting of the Alumni on the 22nd of January inst at MacMnerchor Hall, with a view to arouse an early interest amongst the Alumni in the coming Centennial.

Whereupon the Secretary, on motion, was requested to make known to the Committee in Charge of the Mass Meeting the gratification of the Regents at the action of the Committee and to assure them of the cordial cooperation of the Regents in their efforts to secure wide-spread interest amongst the Alumni in the Centennial.

Professor Hammer moved the appointment of a Committee to prepare and submit a plan looking to the procuring of an endowment.

Seconded by Professor Harlan. Passed.

Blanks for subscription to be printed.

If not special designation, it will be considered a subscription to the General Endowment.

Board of Regents has appointed its Committee.

Subscriptions may be made to any special purpose desired by Subscribers

Professor Hammer: Resolved that Regents recommend and request wearing of academic costume at principal exercises.

Baltimore, April 12, 1907.

A meeting of the Regents was this day held pursuant to notice in the Court room of Hon. Henry Stockbridge in the Court House.

Present, Bernard Carter, Provost, in the Chair, and Professors Chew, Ashby, Winslow, Mitchell, Coale, Hemmeter, Poe, Stockbridge, Harlan and Caspari.

A quorum being present the meeting was called to order.

A committee from the General Alumni Association, consisting of Messrs. J. Harry ~~T~~. Tregoe, president of that Association, Doctor Eugene F. Cordell, Doctor Henry P. Hynson and Doctor Charles S. Grindall being present, were invited to make their statement.

Mr. Tregoe then on behalf of the Committee urged ~~[illegible]~~ in strong terms earnest action to promote the raising of a suitable endowment fund and asked for the appointment of a committee of one hundred men as the committee to raise such fund.

He also proposed a consolidation of the Alumni of all the departments of the University and tendered the aid of the Association to the Regents for any assistance they might be called on to render in aid of the approaching Centennial celebration.

Thereupon professor Hemmeter moved that the Regents approve and commend the appointment of a Committee of One Hundred, the names of such Committee to be suggested by the Endowment Committee of the Regents to the Endowment Committee of the General Association of the Alumni.

After discussion this resolution was unanimously adopted.

The following constitute these two Committees.

Professor Hammeter then moved that the Regents recommend a consolidation of the Alumni of the several departments.

This led to some discussion and after consideration Judge Stockbridge offered the following amendment.

"RESOLVED, That the Board of Regents would regard with approval the amalgamation of the Alumni Associations of the various Departments into one general Alumni Association of the University of Maryland."

Professor Poe then offered the following resolution:

"The Regents accept with thanks the kind tender by the General Alumni Association of their kind services in aid of our Centennial Commemoration and will be pleased to call on them for their efficient assistance."

It was unanimously adopted.

Professor Poe then exhibited to the Regents certain drawings prepared by Messrs. Mottu & White for the Faculty of Law for the alteration and improvement of the building of the Law Department, and in order that the contemplated improvements may be carried out presented the request of the Faculty of Law to the Regents to grant to the Faculty of Law twelve feet or thereabouts of ground to the westward of the front portion of the present building, so that the proposed enlargement of such front part might be properly made.

On motion of Professor Ashby, seconded by Professor Winslow, it was ordered that the Regents do hereby grant to the Faculty of Law the right to use and occupy twelve feet or thereabouts of the lot to the westward of the library part of the present building of the Faculty of Law, to the end that the proposed enlargement of its present building may be made.

A motion was made by Dr.Cole, seconded by Dr.Poe, that the candidates named in the lists submitted from the Department of Arts and Science be admitted to the degree named, and that a mandate be issued therefor. Carried.

Dr.Hemmeter presented a communication from Major James Carroll in which he stated that on account of his very serious illness it would be impossible for him to attend the commencement exercises to be held on the thirty-first instant, and expressing great regret thereat.

A motion was made by Dr.Hemmeter, and duly seconded, that in view of the unfortunate physical condition of Major Carroll, that the degree of Doctor of Laws, Honoris Causa, be conferred

on him in absentia. Carried.

Dr.Hermeter read a cablegram from Dr.Ewald to the effect that because of the serious illness of his mother he would be unable to attend the Commencement; after some discussion it was informally agreed, that the degree heretofore voted to be conferred on him, be not conferred in absentia, at this time.

Note- Subsequently, at the Banquet, on the evening of May 31st.; there being more than a majority of the Regents present, the above action was reconsidered, and it was voted to confer the degree of LL.D.upon Dr.Ewald, in absentia.the information having been received of the death of his mother, and the same was accordingly done by the Chancellor.

Dr.Hermeter then exhibited to the Board of Regents the model of the tablet which had been prepared to present to and place upon the walls of St.John's College on the 1st.June, and the same was approved.

On Motion of Dr.Culbreth, the meeting then adjourned.

John Prentiss Poe

Secretary.

Baltimore, June 15, 1907.

A meeting of the Regents was this day held pursuant to notice at the office of the Secretary, 100 E. Lexington Street.

Present, a quorum.

The Provost, Mr. Carter, being absent in consequence of sickness, professor Henry Stockbridge, heretofore appointed Provost pro tem, took the Chair.

The Minutes of the last meeting were read and approved.

Prof. Poe from the Faculty of Law reported that, as heretofore authorized by the Regents, the Faculty of Law had caused plans and specifications to be drawn for the proposed alteration and enlargement of the Law Department Building and had invited bids for the tearing down of a portion of the present building and the construction of the proposed new building, and upon examining the bids it was found that Thomas L. Jones & Son were the lowest bidders, and the Faculty of Law had decided to award the contract to them upon receiving the approval of the Regents.

He thereupon offered the following Resolution:

RESOLVED that the Provost or the Provost pro tem be and he is hereby authorized to sign and seal in the name of the Regents the contract with Thomas L. Jones & Son for the proposed improvement of the building of the Law Department, as submitted by professor Poe on behalf of the Faculty of Law.

Professor Poe further moved that a copy of this contract, when duly executed, be spread upon the Minutes.

Professor Poe then on behalf of the Faculty of Law reported that, in order to provide the funds for the payment of the proposed enlarged building for the Law Department, the Faculty of Law desire that authority be given by the Regents for the execution and delivery of a proper mortgage, with the usual conditions, to the amount of $15000 to secure bonds to that amount of the denomination of $500 each, namely: in all thirty (30) bonds, to run 15 years, bearing five per cent interest; said mortgage to cover the ground now occupied by the building of the Law Department and to cover in addition ground extending twelve (12) feet or thereabouts beyond the present boundaries of the front building on Lombard Street and running towards Greene street.

The subject was discussed and thereupon professor Poe offered the following Resolutions which was duly seconded and unanimously adopted:

RESOLVED that in order to provide funds necessary for the uses of the University, the Regents do hereby authorize a mortgage for the sum of $15000 to be executed and delivered in their name by the Provost, Bernard Carter, or Provost pro tem, Henry Stockbridge, counter-signed by the Secretary, John Prentiss Poe, and with the seal of the University of Maryland thereto attached, to secure the payment at maturity of thirty (30) bonds of the denomination of Five hundred dollars ($500) each and payable fifteen (15) years after date, bearing interest at the rate of five per cent (5%) per annum, and the coupons thereon payable semi-annually, containing the usual conditions and stipulations, to be approved by the Provost, or Provost pro tem and the Secretary.

RESOLVED FURTHER that the bonds so to be secured by said mortgage be set out in words and figures in the body of said mortgage and that the said bonds be in the following form, to wit:

RESOLVED FURTHER that the Provost or the Provost pro tem and the Secretary be and they are hereby authorized to take such steps as in their judgment may be necessary for the preparation, execution and recording of such mortgage, and that the Secretary be and he is hereby appointed the attorney of the Regents to acknowledge said mortgage, and that when executed, acknowledged and delivered a copy thereof be procured by the Secretary and entered upon the Minutes.

RESOLVED FURTHER that the Provost or the Provost pro tem and the Secretary be and they are hereby authorized to cause to be prepared the bonds mentioned in the aforegoing Resolutions.

Professor Poe then offered the following Resolution which was duly seconded and unanimously adopted.

"RESOLVED that the money procured from the sale of the bonds authorized by the Resolution of this date, viz: June 10, 1907, be appropriated under the direction of the Faculty of Law for the purpose of improving the building now used by the Faculty of Law upon the ground belonging to the Faculty of Physic according to the terms of the contract this day authorized to be made by and between the Regents of the University of Maryland and Thomas L. Jones & Son, and that the disposition made of the funds procured by the sale of said bonds be hereafter reported by the Faculty of Law to the Regents."

On motion of Professor Brantly the Dean of the Faculty of Law, Prof. John Prentiss Poe, was requested to represent the Regents at the coming Celebration of Washington College of its One hundred and Twenty fifth Anniversary, either in person or by some suitable representative to be selected by him.

On motion of Professor Coale duly seconded, the Secretary was instructed to address a letter to President Francis L. Patton and President E. Stanley Hall thanking them for their kindness in coming to our Centennial Celebration and favoring us with their admirable and instructive addresses. Also a letter of thanks to the General Centennial Committee for their efficient services in the conduct of our Centennial and to the trustees and pastor of Mt. Vernon M.E. Church for their kindness in giving to us the use of their church for our Baccalaureate services on June 2nd and to the ladies of the Reception and Entertainment Committee for their services in providing lunch at the University Hospital on May 30th.

Baltimore, June 27th, 1907.

A meeting of the Regents was this day held pursuant to notice at the officeof the Secretary, 100 E. Lexington Street.

Present, a quorum.

In the absence of the Provost Professor Henry Stockbridge, heretofore elected Provost pro tem took the Chair.

The Secretary, Professor Poe, presented to the Board the draft of the Mortgage for $15000 authorized to be executed at the last meeting of the Board, stating that the International Trust Company of Maryland had been selected as the Trustee under the Mortgage.

Upon motion, the form of the Mortgage or Deed of Trust was approved and the provost pro tem and the Secretary were authorized to execute it and the Secretary was instructed to acknowledge it as the act of the Regents of the University.

Professor Poe reported that as instructed by the Regents at their last meeting he had written a letter of thanks to the Ladies' Reception and Entertainment Committee, to president G. Stanley Hall for his address at the Centennial on the 31st day of May ult. and to the General Committee on the Centennial Celebration.

In view of the absence of President Patton in Europe he deferred writing a letter of thanks to him until his return from abroad next Autumn.

Professor Poe laid before the Board the following communication from Dr. B. Merrill Hopkinson, Secretary of the General Centennial Committee, and then submitted to the Regents the following draft of a reply to the Centennial Greetings of the University throughout the world.

On motion of Professor Ashley the draft of such reply presented by Professor Poe was adopted and the provost pro tem and the Secretary were authorized to cause the same to be suitably engraved and a copy to be mailed to the several Universities from whom greetings had been received.

Dr. Cole presented the draft of a proposed Journal

To the GENERAL CENTENNIAL COMMITTEE
OF the UNIVERSITY of MARYLAND

Gentlemen:-

The Regents of the University are very happy to be able to say that our recent Centennial Celebration was a complete success in every particular.

To your well-sustained and and judicious labors this most gratifying result is entirely due.

You designed and carried out all the arrangements in a way that left nothing to be desired, and the Regents acknowledge very heartily their deep obligations to you for the excellent taste and thorough efficiency with which from beginning to end your difficult task was done.

The University in all its Departments will receive fresh impetus and stimulating encouragement from this interesting and memorable Celebration, and the Regents have commissioned me to thank you one and all most cordially for your invaluable services and for the brilliant success that crowned your work.

With grateful appreciation, I am

Very truly yours,

Secretary.

To the Rev. WILBUR F. SHERIDAN, Pastor,
and to the BOARD of TRUSTEES of
Mt. VERNON M.E. CHURCH,

Gentlemen:-

I am commissioned by my colleagues of the Board of Regents of the University of Maryland at our first meeting since the close of our Centennial Celebration to send you our heartiest thanks for your great kindness in freely giving to us the use of your beautiful church for our Baccalaureate services on June 2nd inst.

The occasion was in every respect a memorable one, the gathering very notable, the music impressive and inspiring and the sermon by Right Rev. Bishop Luther B. Wilson one, to whose singular beauty, appropriateness and power too much admiration and praise cannot be given.

We all highly appreciate the generous and gracious spirit with which you and your congregation so cheerfully surrendered your church to our use and thus enabled us to crown our Centennial exercises with a most fitting and elevating conclusion.

With great respect and
warmest acknowledgment,
I am, gentlemen,
Very truly yours,

Secretary.

Very truly yours,

Secretary.

A special meeting of the Regents of the University of Maryland was held at 8.30 P.M. November 15, 1907. at the Law School Building pursuant to notice.

Present, a quorum, consisting of Professors Harlan, Poe, Winslow, Hammeter, Mitchell, Case, Culbreth, Gorgas, Caspari and Smith.

The Provost, Mr. Bernard Carter, being absent, Prof. Henry D. Harlan was unanimously elected Chairman of the Meeting.

On motion of Prof. Winslow, seconded by Prof. Poe, Thomas Fell, Vice President of the University, was elected a delegate to represent the University at a meeting of the Universities, colleges and schools of the Middle States and Maryland to be held in New York during Thanksgiving week.

Professor Hammeter laid before the Regents the proposals received by him for the contemplated Memorial Volume and then moved that an editorial committee of six, one from each department, and a chief editor be appointed to prepare and publish a Memorial Volume of our recent Centennial with full powers.

After some discussion and explanation the resolution, which was seconded by Professor Mitchell, was unanimously adopted.

Professor Harlan thereupon appointed the following committee: Professor John C. Hammeter editor in Chief; Professors Samuel C. Chew, Thomas Fell, J. H. Davis and John P. Poe.

On motion of Professor Poe, a special committee of three was ordered to be appointed to take into consideration and report at the next meeting of the Regents the methods of filling the Faculty of the Arts and Sciences. The motion having been adopted,

the Chairman, Professor Harlan appointed, as such committee, Professors Stockbridge, Winslow and Cospari.

Professor Hemmeter moved that the matter of having an annual academic Convention be referred to the Academic Counsel to be reported on at the next meeting.

The resolution was duly seconded and unanimously adopted.

The Regents then adjourned until the last Friday in January 1908.

Baltimore January 31,1908.

The Regents met pursuant to adjournment and notice.

Present: The Provost,Bernard Carter,Esq.,and professors. Henry D.Harlan,Henry Stockbridge,H.P.Hynson,Charles Caspari,Thomas A. Ashby,Randolph Winslow,R.Dorsey Coale,F.J.S.Gorgas,L.E.Neale,John C.Hemmeter and the Secretary,John P.Poe.

Professor Stockbridge presented the report of the special committee appointed at the last meeting to consider and report as to the method of giving to St.John's College a representation on the Board of Regents. He explained fully the subject and submitted the following Resolution:

"R E S O L V E D,that during the period in which the Agreement of affiliation,entered into on the thirteenth day of February 1907,between the Visitors and Governors of St.John's College and the University of Maryland,shall continue in force,the Visitors and Governors of St.John's College,as the Department of Arts and Sciences of the University of Maryland,shall be entitled to a membership on and representation in the Board of Regents of the said University of three persons,the same to be nominated to the Board of Regents of said University by said Visitors and Governors of St.John's College,"

which was unanimously adopted.

Prof.Winslow,acting chairman of the special committee appointed some months ago on Rules and Regulations for the Proper Conduct of the Business of the Regents reported the following resolutions:

1. That regular quarterly meetings of the University should be held in the University Building on the last Wednesday of February, May,September and December at 8 P.M.

2. That the assessments to be hereafter fixed by the Deans of the several Faculties be levied for University expenses.

3. That a Treasurer of the Regents be elected.

These resolutions after discussion were all adopted.

Dr.Randolph Winslow was then nominated for such Treasurer and unanimously elected.

Professor Poe moved that the Secretary be instructed to cause to be printed a number of copies of the Charter for the use of the Regents.

Professor Coale from a special committee on Commencement reported in favor of holding a joint commencement of the several departments of the University on June 1st.next.

This report led to much discussion and particularly as to the participation in such commencement of St.John's College.

Finally,on motion of professor Stockbridge,it was ordered that a joint commencement be held on June 1st of the Departments of Medicine, Law,Dentistry and Pharmacy.

On motion of Prof.Stockbridge it was ordered that notice should be given to St.John's College of such commencement.

On motion of Prof.Harlan the Deans of the several departments were instructed to make all necessary arrangements for such joint commencement,and on motion of Prof.Winslow it was ordered that academic costume be worn at such commencement.

Prof.Poe submitted an outline sketch prepared by Vice Chancellor Fell of a charter for the proposed University of Maryland,which was read,and on motion of Prof.Stockbridge,amended by Prof.Hemmeter,the draft of such outline was referred to a committee consisting of the Provost and professors Poe,Harlan,Winslow and Caspari.

Prof.Hemmeter,editor in chief of the proposed Memorial Volume, made a full report of what had been done by the committee towards the preparation and printing of such volume.

Professor Winslow laid before the Regents application for authority to plant a tree on the ground of the University as a memorial of the Centennial. Authority was accordingly granted.

The subject of an annual Academic Day was brought up and discussed,and thereupon it was ordered: That the University shall annually have an Academic Day,the first celebration to be held in the autumn of 1908,the precise day to be fixed at the quarterly meeting of the Regents.

Prof. Harlan read to the Regents a letter from B.H.Hartogensis Esq.,attorney for the Williams,Wilkins Company,with reference to an indebtedness to them by the students for a publication.

The claim was discussed and all responsibility for it,legal, equitable or moral,was disclaimed by the Regents,and Professor Harlan was requested to advise Mr.Hartogensis that the Regents decline to recognize the claim as in any wise due by the Regents.

On motion the Regents then adjourned.

May 27,1908.

8.30 P.M.

The regular quarterly meeting of the Regents of the University of Maryland was held in the Law School building this evening pursuant to notice. Present:

professors Stockbridge,Harlan,Gans,Poe, Gorgas,Neale,Coale,Hemmeter,Mitchell,Caspari,Winslow Hynson and Poe.

The Provost,Mr.Carter,being absent,on motion Professor Stockbridge was called to the Chair as Provost pro tem.

The Secretary presented and read to the meeting the following letter: from L.A.Gassaway,Secretary of the Visitors and Governors of St.John 's College:

Annapolis Md., 13th April 1908.

The Board of Regents
of the University of Maryland,

ANNUAL COMMENCEMENT

Academy of Music

Monday Evening, June First

AT EIGHT FIFTEEN O'CLOCK

1908

On motion of Professor Poe the Provost was requested to issue his Mandate to the Faculties of the several Schools authorizing and directing them to hold a public commencement on the night of Junel,1908 in the City of Baltimore and then and there admit the gentlemen named in the aforegoing lists to the degrees respectively of Doctor of Medicine,Bachelor of Laws,Doctor of Dental Science,Doctor of Pharmacy,Bachelor of Arts and Bachelor of Science.

Upon motion , Dr.Fell was requested to officially invite his Excellency,Governor Austin L.Crothers,to be present at the coming Commencement and to earnestly urge the acceptance of our invitation.

On motion of Professor Coale Doctor Fell was added to the Committee on Invitations and upon motion of Mr.Gans the Comittee on Invitations was requested to make out a University list of persons to be invited.

The Committee of Deans heretofore appointed were instructed to make adequate provision for carrying out the details of the Commencement.

Upon motion of Professor Coale it was ordered that the degrees be conferred in the same order that they were conferred at our Centennial Celebration and that the formula then used should be again used at this Commencement and that the reading of the Mandamus be omitted in order to avoid the repetition of the names of the 249 graduates.

On motion one box at the Academy was set aside for the use of Doctor Fell and the Faculty of St.Johns College,one for the use of Rev. Doctor Reed and one for the use of the several other Faculties.

On motion of Professor Winslow,Professor Hemmeter was requested to secure music for the Commencement.

On motion of Professor Hemmeter,the Deans were directed to select marshals to arrange the procession to the main hall and stage of the Academy.

Specimens of the Memorial Volume were exhibited to the Regents and it was ordered that the price be fixed at two dollars and that no complimentary copies be distributed except to the Universities represented at our Centennial Celebration.

Upon motion of Professor Caspari the disposal of the copies of the Memorial Volume was placed in the hands of the Editorial Committee from each Department.

Upon motion of Professor Hemmeter it was ordered that 500 postals be used by the Editorial Committee announcing the publication of the Memorial Volume and inviting purchasers.

On motion the Regents then adjourned.

Wednesday September 30th, 1908.

The REGENTS of the UNIVERSITY met in the Class Room of the Senior Class of the School of Law of the University at 8 P.M. this day.

Present, the following Members, viz:

Professors Randolph Winslow, John C. Hemmeter, Thomas A. Ashby, R. Dorsey Coale, Charles W. Mitchell, J. Holmes Smith;

John P. Poe, Henry D. Harlan, John R. Rae;

Charles Caspari, Jr., Daniel Base.

In the absence of the Provost, Bernard Carter, professor Stockbridge was called to the Chair.

The subject laid over from a former meeting relating to University Day was brought up by Professor Hemmeter, and after some discussion Professor Ashby moved that a Committee consisting of one member from each Faculty be appointed with power to select the day for said University Day and to arrange all the details of the program.

The motion was seconded by Professor Winslow and unanimously carried. Thereupon the Chair appointed the following Committee, viz:

Professors Hemmeter, Stockbridge, Fell, Caspari and Heatwole.

Upon motion of professor Caspari, seconded by Professor Ashby it was ordered that the Departments of Physic, Law, Dentistry and Pharmacy be assessed fifty cents per capita of their respective students and St. John's College, constituting the School of Arts and Sciences, be assessed twenty five cents per capita towards the creation of the University Fund.

After some preliminary remarks by professors Caspari and Coale and some discussion, it was ordered on motion of Professor Coale, seconded by Professor Caspari, that an iron picket fence be erected along the Lombard Street sides of the University premises at the joint expense of the Faculty of Physic, Law, Dentistry and Pharmacy; said fence to be erected under the supervision of A. D. Johnson, Superintendent of the Buildings.

Professor Hemmeter announced that Professor Thomas Edward Satterthwaite, an eminent physician residing in New York, had consented to deliver a course of four lectures in the near future upon his specialty, viz: "Diseases of the Heart"; and thereupon on motion of Professor Hemmeter, seconded by Professor Ashby, it was ordered that the Degree of L.L.D. be conferred upon Professor Satterthwaite on the coming University Day.

Attention was then called to the subject of the sale and distribution of the copies of the Centennial Memorial Volume and several Resolution s were offered relating to the matter.

Finally a substitute for all the resolutions was offered by Prof. Poe that a special committee of three be appointed by the Provost Pro Tem with full power to distribute and regulate the disposition of the copies of said Memorial Volume.

Professors Hemmeter, Caspari and Poe were appointed as this Committee.

On motion of Professor Poe, seconded by Professor Winslow, the Treasurer was directed to pay to Professor Poe the amount expended by him for the entertainment and travelling expenses of Dr. George Edward Reed, amounting to $22.80.

There being no further business the Regents then adjourned.

approved as read.

John Prentiss Poe
Secretary

December 30, 1908.

The regular quarterly meeting of the Regents was held at 8.30 this evening, in the Nurses' Parlor of the Hospital of the University.

In the absence of the Provost, Mr. Bernard Carter, Professor Stockbridge was called to the Chair as Provost Pro Tem.

Present:

Professors, Stockbridge,
Winslow,
Harlan,
Gorgas,
Fell,
Coale,
Caspari,
Poe and
Mr. Tuck.

The Minutes of the Meeting of September 30, 1908, were read and approved.

The action of the Secretary in sending the letter of thanks to the Trustees and Pastor of the Westminster Presbyterian Church for kindly giving to the Regents the use of their Church for Academic Day on November 11, 1908 was approved.

Some discussion took place in regard to the disposition of the Memorial Volume of the Centennial of the University and the subject was again committed to the Special Committee appointed at the last meeting.

Professor Stockbridge made a verbal report as to the luncheon given to invited guests on Academic Day showing that, after the payment of all expenses, there was a balance in his hands approximately of three dollars.

It appearing that the cost of engraving the invitations for Academic Day had been defrayed by Professor Stockbridge, on motion of Professor Coale, seconded by Professor Winslow, the Treasurer was authorized to pay to Professor Stockbridge the cost of such engraving.

Professor Caspari then brought up the general subject of the cost of our Commencements and the proper mode of defraying the expenseses of the Commencements and the ordinary current expenses of the University and made a motion that as a substitute for the action taken by the Regents at their last meeting levying a per capita tax of fifty cents upon the Faculties of Physic, Law, Dentistry and Pharmacy, and twenty five cent per capita on St. John's College that a dollar per capita tax upon each student should be assessed.

This motion led to considerable discussion, when finally, upon motion of Professor Poe, seconded by Mr. Tuck, it was ordered that a special committee of four be appointed by the acting provost to consider the whole subject and formulate a report to the next meeting of the Regents a Resolution dealing with the entire question.

The acting Provost thereupon appointed professors Caspari, Harlan, Coale and Mr. Philemon H. Tuck as such Committee.

An invitation from the University of Geneva for the attendance at the Jubilee of her 350th Anniversary to be held from the 7th to the 10th of July 1909 was laid before the Regents by the acting provost and being in French was translated by him.

Thereupon Professor Winslow moved that the thanks of the Regents be extended to the University of Geneva forther invitation and that the Secretary be requested to send an appropriate letter to the University of Geneva stating that we ~~were~~ are not prepared at this moment to designate our representative, but that a selection would be made in due time and information of such selection sent to the University of Geneva.

There being no further business the Regents then adjourned.

Baltimore, February 24th, 1909.

8.30 P.M.

The regular stated Meeting of the Regents was held this evening at the appointed place, viz: the Senior Class Room of the School of Law.

present: The provost, Bernard Carter, and the following Professors, viz: Henry D. Harlan, Thomas A. Ashby, Randolph Winslow, Charles Caspari, Jr., F.J.S. Gorgas, Thomas Fell, L.E. Neale, John C. Hemmeter, R. Dorsey Coale and John P. Poe.

The Minutes of the Meeting of December 30, 1908 were read and approved.

Professor Winslow, after some remarks with reference to Mr. Isaac Brooks as an Alumnus of the Arts and Sciences of June 15, 1858, moved that the Degree of A.M. be conferred upon him at our next Commencement.

The motion was seconded by professor Ashby and adopted.

Professor Winslow stated that it was the purpose of the Faculty of Physic to invite Dr. Charles H. Mayo to deliver a course of lectures to the Students of the School of Physic next Fall, and moved that the Degree of L.L.D. be conferred upon him at our next Academic Day to be held sometime in November 1909.

The motion was seconded by Dr. Hemmeter, and in view of the prominent distinction of Doctor Mayo as a surgeon, after remarks eulogistic of Doctor Mayo's distinction as a surgeon of world-wide reputation, the motion was unanimo usly adopted.

Dr. Fell, referring in complimentary terms to Dr. John A. Wyeth of New York, proposed that he be invited to deliver the Annual Address to our graduates at our coming Commencement.

The motion was adopted and the Secretary was instructed to write to Doctor Wyeth and request him to deliver the address on the occasion.

On motion of professor Harlan, seconded by Professor Ashby, it was directed that the Degree of L.L.D. be conferred at our next Commencement on Chief Judge A. Hunter Boyd of our Court of Appeals, and a similar Degree, on motion of professor Ashby, was directed to be conferred at the same time on Dr. John A. Wyeth.

Professor Hemmeter presented the following preamble and Resolution, adopted by the General Alumni Association of the University of Maryland and moved that it be referred to a special committee of three.

WHEREAS, the progress of the University of Maryland appears to be greatly impeded and its participation in the great educational foundations prevented by the present organization of the governing body,

Therefore BE IT RESOLVED, That the General Alumni Association of the University of Maryland implores the Regents to take such steps as will remedy the existing conditions by the election of a paid Provost or President with a governing body independednt of the teaching bodies.

The motion was duly seconded and adopted and thereupon the Provost appointed the following Committee, viz: Professors Hemmeter, Poe and Ashby.

Professor Hemmeter, after some preliminary remarks, offered the following Resolution:

" RESOLVED that the Regents will welcome with interest any tentative plan, to be submitted by the General Alumni Association for the establishment of an Alumni Advisory Council to communicate with the Regents on problems of University administration."

The Resolution was seconded by Dr. Winslow and gave rise to some discussion.

Finally, Professor Poe moved as a substitute the following Resolution which was accepted by professor Hemmeter and adopted, viz:

"RESOLVED that a special Committee of Three be appointed by the Provost to confer with the General Alumni Association as to the expediency of the establishment of an Advisory Council from amongst the Alumni to communicate with the Regents on problems of University Administration."

The Provost appointed as such Committee Professors Poe, Harlan and Coale.

Professor Caspari, from the special Committed appointed at the last Meeting upon the subject of the Payment of University Expenses, submitted the following Report:

The Committee appointed at the December meeting of the Board of Regents to consider the desirability of the payment of expenses created by the University as a whole, in which all Departments are interested, by the Treasurer of the Board of Regents; and the creation of a fund for such purpose, have to report that in their opinion, both propositions are desirable and feasible.

Your Committee having made as accurate an estimate as they were able to do of the sum necessary to defray such expenses annually, are of opinion that an annual assessment upon each Department of the University of one dollar ($1,00) per capita for each student matriculated in such Department will furnish a sum sufficient to defray all such expenses, under usual conditions. The expenses here referred to include all expenses incurred by the University as a whole, and in which each Department of the University participates, such as, the repair and maintenance in proper condition all buildings and grounds belonging to the University which are used in common by all Departments; the rental of suitable halls for the exercises of Commencement and Academic Day: for providing appropriate music, and invitations to such exercises when such invitations are used by all Departments in common; expenses for the travel and entertainment of speakers at University functions; etc.

They are not to be understood as including the individual expenses of the various Departments taking part in such functions, such as diplomas, engrossing the same, medals, prizes, etc.

While in the opinion of your Committee an assessment of one dollar per student upon each Department will be fully sufficient for the purposes intended, should through any unusual conditions a deficiency arise, such deficiency can be easily met by a small per capita assessment upon each Department.

Your Committee therefore recommend:-

1. That hereafter all expenses contracted ~~contracted~~ by the University as a whole, and participated in by all Departments be defrayed by the Treasurer of the Board of Regents.

2. That in order to provide a fund for the payment of such expenses that hereafter an annual assessment be made upon each Department of the University except the Dept. of Extension of one dollar, ($1.00) for each student matriculated in such Department, the amount of such assessment to be paid to the Treasurer of the Board of Regents.

3. That such assement begin with the psesent session, and as it is the understand-

ing of your Committee that the sum of fifty cents per student has already been paid by each Department to the Treasurer of the Board of Regents, ~~an additional~~ an additional assessment of fifty cents per student be paid to the Treasurer of the Board of Regents by each Department during the current session as covering the assessment of such Department for the present Academic year.

~~Respectfully submitted:~~

4 That the annual assessment upon St John's College remain 25 cents per capita as heretofore

the Dept. of Arts & Sciences

H. B. Poe
Chairman Exec. Com.
Henry N. Harlan

Professor Winslow brought before the Regents the matter of the iron fences around the University Buildings and moved that a special assessment of 25 cents per capita be levied on the four Departments of the University for the purpose of paying the costs of the iron fences

The motion was duly seconded and adopted.

The subject of the approaching Commencement being brought up professor Poe moved that the detail of time, place and mode of holding the Commencement be referred to the Deans of the several Departments, with power to act. The motion was seconded by Professor Ashby and adopted.

Doctor Fell spoke of the fire which occurred on Saturday, February 20th, which destroyed McDowell Hall, the oldest of the Academic Buildings of St.John's College, and of a contemplated meeting of the Alumni of St.John's College to be held on Thursday, February 25th to consider the subject of how best to restore the destroyed building.

Thereupon Professor Poe offered the following Resolution, which was heartily seconded by Professor Harlan and adopted.

"The Regents express their profound sympathy for St.John's in the serious calamity that has befallen the Institution in the destruction of the time-honored McDowell Hall, and declare their readiness to co-operate in any way within their power to aid her to restore the destroyed building, and to continue in full vigor the work of that justly distinguished Department of the University."

Professor Winslow moved that a Committee be appointed to attend the Meeting of the Alumni of St.John's,which being duly seconded was adopted,and thereupon the Provost appointed as such Committee Professors Poe,Harlan,Hemmeter and Winslow.

Professor Poe moved that hereafter seven members shall constitute a quorum of the Regents for the transaction of business;seconded by Professor Ashby and adopted.

There being no further business the Regents adjourned.

UNIVERSITY OF MARYLAND,

SCHOOL OF LAW,

Baltimore, May 26, 1909.

The Regular Quarterly Meeting of the Regents was held this evening at 8.15 at the appointed place, viz: Senior Class Room, School of Law.

In the absence of the Provost, Mr. Bernard Carter, Professor Stockbridge was called to the Chair.

Present, in addition to professor Stockbridge, Professors Harlan, Coale, Winslow, Hemmeter, Caspari, Fell, Ashby, Harris, Mitchell, Smith, Base and Poe.

The Minutes of the Meeting of February 24, 1909 were read and approved.

Professor Poe called attention to the inadvertent action taken by the Regents at the last meeting, declaraing seven members of the Regents a quorum to transact business and moved that the action upon this subject taken at the last meeting be reconsidered and rescinded because not warranted by the Charter, which requires that a majority of the Board of Regents shall constitute a quorum.

The motion prevailed and the former Resolution was accordingly entered rescinded.

The Secretary, Professor Poe, stated that he had received letters from Mr. Philemon H. Tuck and Henry P. Hynson regretting that a previous engagement would prevent them from attending the Meeting.

Professor Poe read the Report of the Special Committees, consisting of himself as chairman, Professors John C. Hemmeter, Thomas A. Ashby, R. Dorsey Coale and Henry D. Harlan.

After some brief remarks the Report was unanimously adopted and directed to be entered in full upon the Minutes.

TO THE REGENTS:

At our last Meeting two Committees were appointed, consisting of Professors Hemmeter, Poe and Ashby, and Professors Poe, Harlan and Coale, to consider a Preamble and Resolution adopted by the General Alumni Association of the University, suggesting the election of a paid Provost or President, with a governing body independent of the teaching bodies and to confer with the General Alumni Association as to the expediency of the establishment of an Advisory Council from amongst the Alumni to communicate with the Regents on problems of University administration.

Inasmuch as these two Resolutions, while not identical, related to the same matter, the members of these two Committees deemed it expedient to consider them jointly, with a view to the better understanding of the questions referred to them.

Having been formally advised of the appointment of a Special Committee of Ten of the General Alumni Association, with instructions to present to the Regents a recommendation from the General Alumni Association looking to Alumni representation in the Board of Regents, your Committees invited this Committee of Ten to a conference, which was held at the office of Professor Poe on the 5th of May. 1909.

At this conference the views of the Committee of the General Alumni Association were presented and discussed; the text of the recommendation of the General Alumni Association was laid before your Committees and a full statement made of the views and wishes of the Alumni Association upon the whole subject.

Your Committees have considered with some care the matters submitted to them and the arguments and suggestions of the Special Committee of Ten, and now present theconclusions which they have reached /

Upon an examination of the Charter of the University, as contained in the Act of 1812 Chapter 159, your Committees do not find any provision under which the recommendation of the General Alumni Association for the election from the Alumni of five members to the Board of Regents can be validly accomplished.

Regents are authorized, and the mode of their appointment prescribed, for the several Faculties which, by the Charter, constitute the University, but we find no warrant for the introduction into the body of Regents of members not representing or professing to represent any one of these several Faculties.

When it is borne in mind that of the present Board of twenty three Regents fifteen are Alumni, who, in their position as Regents and as Alumni are thoroughly in touch with the Alumni and may well be understood to represent their views and wishes, it is not easy to see how the introduction into the Board of Regents of five new members selected from the great body of Alumni, not engaged at all in the work of the University, can add to the vigor and efficiency of her work, and your Committee, therefore, find no reason to regret that the provisions of the Charter are not sufficiently elastic to lead us to accept the recommendation in this particular of the General Alumni Association; and more especially is this the case when it is further borne in mind that the policy of the several Faculties is to fill vacancies in their number, as they occur, from amongst the best equipped of our Alumni.

While, therefore, we cannot recommend acceptance of this recommendation, we see no reasonable ground of objection to the plan recently adopted by the Johns Hopkins University looking to the selection of an Advisory Council of ten or fifteen from amongst the Alumni, with whom, under suitable rules and regulations to be formulated by the Regents, consultations can be had relating to problems of University administration and education, and we are free to say that we would welcome the appointment of such an Advisory Council and do not doubt that valuable assistance would be given to the general work of the University by suggestions and advice from time to time from such representatives of the Alumni.

Your Committee have also considered the subject covered by the Preamble and Resolution of the Alumni Association looking to the election of a paid Provost or President.

The Charter does not contemplate the performance by the Provost of active administrative duties calling for constant attention or supervision and entitling the incumbent of the office to compensation, but there is no prohibition against an enlargement of the duties which he is now performing, nor is there anything in the Charter to prevent the Regents from affixing to the office of Provost a salary commensurate with the dignity of the position and the duties which, under proper rules and regulations, the Board of Regents are authorized to assign to him.

The practical difficulty in the way of affixing a large salary to his official position is that the University has no endowment out of which such compensation could come and accordingly the only source from which such compensation could be derived would be an assess ment made by the Regents upon the shares of the tuition fees respectively received by the various members of our several Faculties of instruction.

This, of course, would involve an annual reduction of the amount received by each Professor, but we are sure that a moderate contribution will be cheerfully agreed to by all the members of our teaching Faculties, in order to secure a closer supervision of the details of our University work by our Presiding Officer than has ever been expected from him or his distinguished predecessors, if this additional supervision be deemed necessary for the progress of the University.

In answer to the suggestion of the General Alumni Association upon the subject, we recommend that it be at once taken into consideration by a special committee, to be appointed for the purpose, consisting of one representative from each of our five Faculties, to report at our next regular Meeting.

In connection with this question of the election of a paid Provost, your Committees have also considered the additional vague and indefinite recommendation of representatives of the Alumni for a reorganization of the University by the creation of "a governing body of trustees independent of the teaching bodies."

The Charter does not contemplate or warrant such a method of carrying on the work of the University and so radical a change in our organization does not commend itself to our judgment.

It could not be made without a substantially new Charter and if this were obtained we do not perceive how the work which the University is now doing with such gratifying efficiency and success could be enlarged and improved under the direction of a Board of Trustees, none of whom would be members of our several teaching bodies.

To start with, there would be great difficulty in obtaining the services of public-spirited and properly qualified men who, without compensation, would give the necessary time and attention to the heavy and responsible labor of directing the administration of our several Departments; nor can it be reasonably expected that our present force of Professors would voluntarily relinquish their positions and turn over to an entirely new Board of Trustees complete control of the affairs, property, resources and revenues of the University.

Moreover, there is the initial and apparently insuperable difficulty in determining how and by whom this New Board of Trustees are to be selected.

The small ~~handful~~ number of Alumni from whom comes this request for the destruction of our existing organizations do not suggest any way of solving this difficulty.

If, however, these practical obstacles could be surmounted; if our present Board of Regents were to step down and out; if we had a new Board of Trustees clothed with full authority to administer the work of the University in its several departments, with a paid Provost or President receiving a fairly large salary out of a fund yet to be raised in the distant future, what reason is there to believe that we would have an increase in the number and quality of our students, or more efficient, thorough and successful teaching?

In short, what better results can be looked for from a new governing body and a new faculty of instruction for each of our several

Departments than we have now.

Viewing the subject in every respect we fail to see the benefits that would accrue to the University by annulling our present Charter and taking a leap in the dark.

As embodying our connlusions we submit the following Resolutions:

RESOLVED that the Secretary be and he is hereby instructed to report to the Committee of Ten of the General Alumni Association that the Regents have carefully considered their recent communication proposing the election by the Alumni of five representatives of the Alumni, none of whom shall be full professors, as additional members of the Board of Regents, and that, upon an examination of the Charter, the Regents find no warrant for such an addition to their members; nor are the Regents inclined to recommend to the General Assembly an amendment to the Charter authorizing this proposed change in the organization of the Board of Regents.

RESOLVED FURTHER that the Regents approve the election by the Alumni of an Advisory Council, empowered to present from time to time to the Regents their views and wishes, and ~~to~~ assure the Association of Alumni that the Regents will gladly welcome and always carefully consider suggestions and recommendations emanating from such Advisory Council.

RESOLVED ALSO that the Secretary report further to the Alumni Association that their suggestion with reference to the payment of a salary to our Provost is now under consideration by the Regents and shall be acted upon at an early date; and FURTHER that the Regents see no reason for a re-organization of the University by "the creation of a Governing Body of Trustees independent of the teaching bodies" and are consequently opposed to an amendment of the Charter of the University in order to accomplish this suggested re-organization.

John P. Poe

Professor Coale, after some commendatory remarks with reference to the scientific achievements of Dr. Rupert Lee Blue, moved that at our coming Commencement on May 31st inst. the Honorary Degree of Doctor of Science be conferred upon Doctor Blue in absentia.

His motion was unanimously adopted.

Professor Stockbridge made an interesting statement with reference to the work and record in the presbyterian Church of the Rev. John Timothy Stone, for the last seven years Pastor of Brown Memorial Church of this City, who has recently accepted the call for larger work in the City of Chicago, and moved that at our coming Commencement of May 31, 1909 the Honorary Degree of Doctor of Divinity be conferred upon him in absentia. His motion was duly seconded and unanimously adopted.

Special arrangements were then made for the due and orderly presentation for Honorary Degrees of the several gentlemen upon whom such Degrees are to be conferred at the coming Commencement.

Upon motion of Professor Hemmeter, Thomas E. Satterthwaite, M.D., L.L.D. was appointed Delegate to the Anniversary of the 350th year of the Foundation of the University of Geneva, Switzerland, and the action of the Secretary in sending him, in advance of this meeting, proper credentials and in notifying the Recteur of the University of Geneva of the appointment of Dt. Satterthwaite were confirmed.

The Reports from the several Faculties of Physic, Law, Dentistry and Pharmacy and the Arts and Sciences, giving in detail the names of the graduates of their several Schools were severally made by Professors Coale, Harlan, Harris, Caspari and Fell and the names of the graduates of these several Schools were directed to be entered upon the Minutes, and the provost was requested to issue his Mandamus to the several Faculties requiring them to hold a public commencement on Monday, May 31, 1909 at 4 P.M. and then and there to admit the gentlemen named in their several Reports to the Degrees recommended by them.

The Committee of Five, consisting of one member from each of the several Faculties, whose appointment was recommended in the Report of the Special Committees, read by Professor Poe, was then appointed by Vice Provost Stockbridge as follows, viz: professors Coale, Poe, Caspari and Fell.

Professor Winslow laid before the meeting the following Resolutions, passed on March 2, 1909, of the Faculty of Physic:

RESOLVED:

That it is the sentiment of the Faculty of Physic that a recasting of the Charter of the University of Maryland is desirable and should be undertaken to make possible the election of a President and a Board of Regents independent of the teaching Faculties.

RESOLVED:

It is the sentiment of the Faculty of Physic that the affiliation of the University of Maryland and St.John's College should be converted into an organic union.

On motion, seconded by professor Coale, these Resolutions were referred to the Committee of Five just names by the Vice Provost.

On motion the Meeting then adjourned.
